**Precoat & Specialty Coating Log**

This is a log for tracking the monthly amounts of precoats and specialty coatings used.

Column 1: Enter the total monthly amount of precoats applied.

Column 2: Enter the total monthly amount of low VOC primers and primer surfacers applied.

Column 3: Divide the amount listed in Column 1 by the amount listed in Column 2.  
This is the percentage of precoat to low VOC primers and primer surfacers used. (Cannot exceed 25%.)

Column 4: Enter the total monthly amount of specialty coatings applied.

Column 5: Enter the total monthly amount of all coatings applied.

Column 6: If the amount listed in Column 4 is greater than 3 gallons:  
divide the amount listed in Column 4 by the amount listed in Column 5.  
This is the percentage of specialty coatings to all coatings applied.  
(If greater than 3 gallons: the percentage of specialty coatings cannot exceed 5% of all coatings applied.)
