FOR YOUR INFORMATION

The Following Notice was Published by the District

NOTICE OF PRELIMINARY DECISION
TO APPROVE A SOURCE OF AIR POLLUTION BY THE
SAN DIEGO COUNTY AIR POLLUTION CONTROL DISTRICT

The San Diego Air Pollution Control District has made a preliminary decision to approve an Authority to Construct for two new landfill gas fired engines, four replacement landfill gas fired engines, and condition changes to existing landfill gas fired engines (Application Nos. APCD2014-APP-003311 through APCD2014-APP-003314) to be operated at 5244 Convoy Street in San Diego, CA.

An evaluation of the air pollution impacts of this proposal was performed by the District and it was determined that all applicable District Rules and Regulations will be met when the equipment complies with conditions prescribed by the District. An Air Quality Impact Analysis was conducted for Oxides of Nitrogen (NOx). Results indicate that the operation of this equipment will not result in the violation of any State or Federal ambient air quality standard or interfere with the attainment or maintenance of any State or Federal ambient air quality standard.

The Air Quality Impact Analysis is available for review at the Air Pollution Control District, 10124 Old Grove Road, San Diego, CA 92131. Please refer to Application Nos. APCD2014-APP-003311 through APCD2014-APP-003314 on all correspondence regarding this project. Written comments concerning the District’s proposed action may be submitted for a period of 40 days commencing November 17, 2014, and ending on December 29, 2014. Questions regarding this notice may be directed to Arthur Carbonell at (858) 586-2741 or John Annicchiarico at (858) 586-2733.
