

SAN DIEGO COUNTY AIR POLLUTION CONTROL DISTRICT

**Supplemental Application
Checklist (Optional)**

Fee Schedule 28

San Diego APCD Use Only

Appl. No:

ID No.:

Mark each completed item with X , or N/A if not applicable. At your option, you may submit this form with your completed permit application.

- Obtain Approved and Current Supplemental Application Form (Page 2)
- Enter company name as it will appear on the Permit. (This is typically the DBA.)
- Enter address where equipment will be operated, or for portable equipment where it will be stored.

Equipment Description

- List manufacturer, model number, internal dimensions and operating parameters of all equipment used.

Process Description

- Describe the items cleaned or processed. Specify composition and size of items cleaned.

Operating Schedule

- Provide maximum requested operating schedule. (*Note:* This information may be used in permit limits. Unnecessarily high operating times may mean higher emissions estimated for the unit.)

Usage Information About Solvents and Other Materials Containing VOC's

- Enter maximum usage. (*Note:* The maximum requested may become a permit limit. Solvent and other VOC-containing material usage will determine estimated emissions.)

Manufacturer's VOC Data - MSDS

- Attach current Material Safety Data Sheets (MSDSs) or manufacturer's specification sheets for all materials to be used.

Final Review of Forms

- Assure that all spaces requiring information have been filled in.
- Consider scheduling a pre-application meeting with District Engineering.

For an appointment with Engineering Chemical Section staff call (858) 586-2600.
