

Clean Air for All 2019 Applications - Backup List

Projects on this list did not qualify for funding under the first round of evaluations. If projects on the 2019 Approved List do not move forward, or if more funding becomes available, the APCD may offer funding to Backup List applicants based on program priorities and requirements. To qualify for future funding, projects must continue to be in compliance with applicable regulations and program guidelines. Replacement equipment should not be ordered or purchased and existing equipment should not be destroyed until after a Grant Agreement has been signed with the APCD.
