Hi David and all,

Hope you're doing well. Thanks to you, James and Laine for facilitating and holding last evening's public meeting. David, I wasn't sure if you have already seen this or not, but just wanted to share with you the media coverage of the meeting. Please click on the link below:

Also David, please let me know if you would like to meet to discuss the draft permit that I sent you yesterday. As next week is a Holiday week, I wanted to also ask if you could please provide your feedback on the draft permit by the following week, Wednesday, July 12, 2023.

Thanks and have a nice day and a great weekend and Happy 4<sup>th</sup> to you all.
