CERTIFICATE OF COMPLIANCE &
CERTIFICATE OF REGISTRATION

RULE 12
BEC/FS: 001611/23W

San Diego APCD Use Only

APP/Reg. No.:

ID No.:

Existing P/O No.:

GRAIN SILOS AT BREWERIES UNDER 100,000 BARRELS PER YEAR

Certificate Holder(DBA): _____

Legal Owner(if different from DBA): _____

Equipment Location: _____

Grain Silo Description: Capacity: _____ specify: _____ tons or _____ cubic feet

Silo Manufacturer: _____

Grain conveyance (specify): _____ pneumatic or _____ gravity fed

Emission Control: _____ Filter with 90% or higher PM10 control efficiency. A 90% or higher filter control efficiency is required. Attach the filter manufacturer's control efficiency specification with your application.

I, _____ certify that I will be in compliance with all applicable District Rules and regulations and the following conditions:

1. Filters shall be in use and in good operating condition at all times when pneumatically transferring and receiving grain. (Rule 12)
2. Manufacturer's specifications or engineering data demonstrating a minimum particulate matter control efficiency of 90 percent by weight for PM10 shall be retained on site and made readily available to the District upon request. (Rule 12)
3. There shall be no leakage from silos and ducting prior to treatment by the filter. (Rule 12)
4. This equipment shall not discharge into the atmosphere from any single source of emissions, any air contaminant for a period or periods aggregating more than three minutes in any one hour which has an opacity such as to obscure an observer's view to a degree equal to or greater than does smoke of a shade designated Ringelmann 1 or equivalent 20 percent opacity. (Rule 12 and/or Rule 50)
5. Equipment shall not discharge such quantities of air contaminants or other material which cause injury, detriment, nuisance or annoyance to any considerable number of persons or to the public; or which endanger the comfort, repose, health or safety of any such persons or the public; or which cause or have a natural tendency to cause injury or damage to business or property. (Rule 12 and/or Rule 51)
6. Access, facilities, utilities and any necessary safety equipment for source testing and inspection shall be provided upon request of the Air Pollution Control District.
7. This Air Pollution Control District Permit does not relieve the holder from obtaining permits or authorizations required by other governmental agencies.
8. The permittee shall, upon determination of applicability and written notification by the District, comply with all applicable requirements of the Air Toxics "Hot Spots" Information and Assessment Act (California Health and Safety Code Section 44300 et seq)

CERTIFICATE OF REGISTRATION (FIRST YEAR)

A copy of this registration certificate must be kept with the equipment and presented upon request to the Air Pollution Control District. Every person who operates this equipment is required to comply with all Air Pollution Control District Rules and Regulations, including Rule 12. Any person who violates a rule or regulation of the Air Pollution Control District or any of the conditions listed above is guilty of a misdemeanor and may be subject to civil and criminal penalties. To remain valid, this certificate must be renewed annually in accordance with District Rule 12.
