Name of Owner (DBA): _____

Legal Owner (if different from DBA): _____

Equipment Description: Year: Manufacturer: _____

Model No: Serial No: HP Rating: Type of Fuel: _____

I, _____, certify that I will be in compliance with all applicable District Rules and Regulations and the following conditions:
(Print or type name)

1. Emissions from each registered engine shall not exceed 100 pounds of oxides of nitrogen (NOx) during any one day. [Rule 12.1(d)(1)]
2. The owner of a registered rental emission unit shall provide the operator with a written copy of applicable requirements of District Rule 12.1, including record keeping requirements, as a part of the emission unit rental agreement. The owner must maintain written acknowledgment by the operator of receiving the above information for a period of at least three years.
3. The owner or operator of a registered emission unit shall maintain the applicable records listed below. The records shall be maintained at a central place of business for a minimum of three years and made readily available to the District upon request.
 - (1) The location(s) at which the emission unit was operated, including the dates operated at each location.
 - (2) The quantity of fuel consumed by each engine, or the daily hours of operation for each engine.
 - (3) For engines, the specific location where the engine is located shall be recorded no less than once a month.[Rule 12.1(g)]
4. Visible emissions including crank case smoke shall comply with Rule 50. (Rule 50)
5. An emission unit is not portable if any of the following apply:

The unit, or its replacement, is attached to a foundation or, if not so attached, will reside at the same location for more than 12 consecutive months; or

The emission unit remains or will reside at a location for less than 12 consecutive months if the unit is located at a seasonal source and operates during the full annual operating period of the seasonal source; or

The emission unit is moved from one location to another in an attempt to circumvent the portable emission unit residence time requirements.
6. Days when a portable emission unit is stored in a designated holding or storage area shall not be counted towards the above time limits, provided the emission unit was not operated on that calendar day except for maintenance and was in the designated holding or storage area the entire calendar day.
7. An engine or equipment unit shall be configured and operated so as to meet the definition of a portable emission unit as defined in Rule 12.1. An engine's and/or equipment unit's certificate of registration shall be invalid when such equipment is used as an integral part of the operation of a stationary source or to supplement or expand the stationary source's operation. [Rule 12.1(b)]
8. A copy of this registration certificate must be kept with the equipment and presented upon request to the Air Pollution Control District.
9. Access, facilities, utilities and any necessary safety equipment for source testing and inspection shall be provided upon request of the Air Pollution Control District.
10. This Air Pollution Control District Permit does not relieve the holder from obtaining permits or authorizations required by other governmental agencies.
