

San Diego APCD
Emissions Inventory Request Form Instructions

DRY CLEANING OPERATIONS

Please refer to the general instructions for guidance regarding the following sections: Reporting Year, Facility Identification, Permit Information, Device Information, Stack / Ducted Emissions and Fugitive Release Emissions.

MATERIAL/ PROCESS INFORMATION

Fill in all the data fields. Complete all blanks using the specified units and answer yes or no where requested. Use a separate form to report each material used for each device. Copy the blank form as needed to report each material used. On forms with pre-printed process information from a previously submitted inventory, asterisks (*) highlight data fields that must be updated.

Waste: Report only liquid waste under "Waste Shipped Off Site." Do not include still bottoms, rags, or any solids in the waste volume. Waste manifests may be requested by the District at a later date.

VOC Content: Report the VOC content of each material (solvent) used from the most current MSDS information available.

Device Operating Schedule:

Daily Operation (hours/day): Report the average amount of hours the device operates in a typical day.

Weekly Operation (days/week): Report the average number of days the device operates in a typical week.

Annual Operation (days/year): Report the number of days the device operated during the Reporting Year.

POLLUTANT NAME (weight percent)

Provide the weight percent of each pollutant in each material (solvent) used (i.e., acetone, chlorofluorocarbons, methylene chloride, perchloroethylene, 1,1,1-trichloroethane, etc.). The District will complete this section if you provide an up-to-date MSDS for each reported material.
