

San Diego APCD  
Emissions Inventory Request Form Instructions

**GASOLINE – BULK TERMINAL STORAGE TANKS**

Please refer to the general instructions for guidance regarding the following sections: Reporting Year, Facility Identification, Permit Information, Device Information, Stack / Ducted Emissions and Fugitive Release Emissions.

**MATERIAL/ PROCESS INFORMATION**

Fill in all the data fields. Complete all blanks using the specified units and answer yes or no where requested. Use a separate form to report each Tank Content for each device. Copy the blank form as needed to report each Tank Content. On forms with pre-printed process information from a previously submitted inventory, asterisks (\*) highlight data fields that must be updated.

**Tank Contents:** This form is used only for reporting gasoline and transmix storage tanks.

**Tank ID/Number:** Use one form for each storage tank. Identify each Tank ID here.

**Equipment Description:** Provide the remaining information in the units requested.

**Device Operating Schedule:**

**Daily Operation (hours/day):** Report the average amount of hours the device operates in a typical day.

**Weekly Operation (days/week):** Report the average number of days the device operates in a typical week.

**Annual Operation (days/year):** Report the number of days the device operated during the Reporting Year.

**POLLUTANT NAME (weight percent)**

If available, please provide gasoline vapor speciation information and supporting documentation. The District will use a default composition if none is provided.
