

FOR YOUR INFORMATION

**The Following Notice was Published by
the San Diego County Air Pollution Control District**

REVISED / CORRECTED
**NOTICE OF RISK REDUCTION PLAN SUBMITTED BY SYCAMORE LANDFILL,
INC.**

Notice is hereby given that, in accordance with Rule 1210 - Toxics Air Contaminant Public Health Risks-Public Notification and Risk Reduction of the San Diego County Air Pollution Control District's (SDCAPCD's) Rules and Regulations, the Air Pollution Control Officer has received a proposed risk reduction plan under application APCD2021-APP-006740 for Sycamore Landfill, Inc., an active non-hazardous waste landfill located at 8514 Mast Boulevard, Santee, California 92071.

The facility's proposed risk reduction plan is available for public review and comment at the link below. Written comments may be submitted for a period of 30 days, ending on July 16, 2021. Please direct your comments to the attention of Archi dela Cruz, Air Pollution Control District, by email to archi.delacruz@sdcounty.ca.gov, or by mail to SDCAPCD, 10124 Old Grove Road, San Diego, California, 92131. The proposed risk reduction plan is available for public review at this address and online at:
