Notice of Adoption of Rule 25 - Appeals

On June 21, 2000, the Air Pollution Control District (District) adopted amendments to Rule 25 - Appeals. Rule 25 specifies the requirements and procedures for appealing or requesting a stay of a permit-related action to the Air Pollution Control District Hearing Board. Permit-related actions include granting or denying an application for an Authority to Construct, Permit to Operate, Temporary Authorization, renewal of a Permit to Operate with new or modified conditions, Certificate of Registration, or Emission Reduction Credit (ERC) Certificate.

Rule 25 previously specified that an appeal must be filed within 10 days after notice of a permit-related action. In accordance with a recent change to State law, Rule 25 was revised to extend the applicant and public appeal time from 10 to 30 days. The adopted amendments also make other minor clarifications.

For more information, please call the District's Compliance Division at (858) 694-3340. A copy of Rule 25 is available by contacting the District at (858) 694-3307 or visiting the District's web site at www.sdapcd.co.san-diego.ca.us under Rules and Regulations.
