AGENDA ITEM

DATE: March 15, 2017

AP01

TO: Air Pollution Control Board

SUBJECT: NOTICED PUBLIC HEARING: ADOPT AMENDMENTS TO RULE 40 – PERMIT AND OTHER FEES AND RULE 42 – HEARING BOARD FEES (DISTRICTS: ALL)

Overview

The mission of the San Diego County Air Pollution Control District (District) is to improve air quality to protect public health and the environment. Accordingly, the District operates a county-wide permitting program for stationary (fixed) sources of air pollution pursuant to federal and state law. Stationary sources encompass large industrial facilities such as power plants and landfills and smaller commercial establishments such as gas stations and dry cleaners. A permit outlines the specific actions a facility must take to control its air pollution emissions pursuant to federal, state, and local requirements. The permit consolidates these requirements in a single document and provides clear instructions to the facilities, helping them to comply with air pollution limitations. By minimizing their emissions, facilities are protecting the environment and public health.

Rule 40 sets the fees for the District's permitting and other services, and Rule 42 sets the fees for petitioning the District's Hearing Board for a variance (temporary relief) from an air pollution control requirement. These programs are funded on a fee-for-service basis in accordance with the Federal and California Clean Air Acts and Board of Supervisors Policy B-29: Fees, Grants, Revenue Contracts - Department Responsibility for Cost Recovery. The District receives no General Purpose Revenue.

Permit fees were last updated over five years ago (December 7, 2011 (AP01)). Asbestos Notification fees were last updated nearly 13 years ago (June 23, 2004 (AP01)) and Hearing Board fees were last updated nearly 17 years ago (June 21, 2000 (AP01)). Over the past several years, the District was able to contain cost increases by implementing business process efficiencies and customer service enhancements, including the expansion of online and digital services. However, these efforts alone can no longer contain all cost increases.

Staff conducted an in depth analysis of the services provided to business customers and the actual costs of providing those services. The analysis results indicate that the total fee revenue collected by the District, in combination with federal and state funding, no longer covers the full costs of the services provided. This is due to certain cost increases that are beyond the District's

SUBJECT: NOTICED PUBLIC HEARING: ADOPT AMENDMENTS TO RULE 40 – PERMIT AND OTHER FEES AND RULE 42 – HEARING BOARD FEES (DISTRICTS: ALL)

control, including increased labor costs and new and increasingly stringent air quality mandates placed upon the District requiring further actions to protect public health. A fee adjustment is needed for Fiscal Year 2017-18 to ensure the District recovers the full cost of its services in accordance with federal, state, and local requirements.

The proposed fee adjustments, if adopted, would increase total annual fee revenue by \$786,040 (9.4%). This is equivalent to a 1.6% increase each year since the last fee adjustment.

Today's requested action is to adopt proposed amendments to Rule 40 - Permit and Other Fees and Rule 42 - Hearing Board Fees, reflecting an adjustment in fees paid by business customers to obtain air quality permits and other regulatory services of the District). The proposed fee adjustments enable the District to fully and equitably recover the costs of its permitting program and related services, while maintaining high levels of service and compliance with requirements for healthful air quality.

Recommendation(s)

AIR POLLUTION CONTROL OFFICER

1. Find that the amendment of Rules 40 and 42 is exempt from the California Environmental Quality Act (CEQA) as specified under section 15273 of the CEQA Guidelines as CEQA does not apply to the establishment, modification, structuring, restructuring or approval of fares and other charges by public agencies which are for the purpose of meeting operating expenses.
2. Adopt the Resolution entitled RESOLUTION AMENDING RULE 40 AND RULE 42 OF REGULATION III OF THE RULES AND REGULATIONS OF THE SAN DIEGO COUNTY AIR POLLUTION CONTROL DISTRICT.

Fiscal Impact

If approved, funds for this request will be included in the Fiscal Year 2017-18 CAO Recommended Operational Plan for the Air Pollution Control District. The recommended fee adjustments would result in a projected fee revenue increase of \$786,040 in Fiscal Year 2017-18. The funding sources are permit holders and other customers of the District's fee-based services. There will be no change in General Fund cost and no additional staff years.

Business Impact Statement

If approved, the proposal will have a positive impact on the business community by enabling the Air Pollution Control District to maintain high quality services, and by updating the alignment of fees to the actual costs of services provided to fee payers in each fee category. Total annual fee revenues paid by business customers would increase 9.4%, equivalent to a 1.6% increase each year since the last fee adjustment. The fee increases are necessary to ensure full cost recovery for services performed by staff.

Advisory Board Statement

The Air Pollution Control District Advisory Committee unanimously recommended adoption of

**SUBJECT: NOTICED PUBLIC HEARING: ADOPT AMENDMENTS TO RULE 40 –
PERMIT AND OTHER FEES AND RULE 42 – HEARING BOARD FEES
(DISTRICTS: ALL)**

the proposal on February 8, 2017.

Background

The mission of the Air Pollution Control District (District) is to improve air quality to protect public health and the environment. The District is required to regulate stationary (fixed) sources of air pollution in accordance with federal and state law. Stationary sources include power plants, manufacturing and industrial facilities, stationary internal combustion engines, gas stations, landfills, and solvent cleaning and surface coating operations. Reducing air pollution emissions from these sources helps the region fulfill the requirements of the State and Federal Clean Air Acts, where it is mandated to protect public health by meeting specific clean air standards in limited timeframes.

The District evaluates applications for new and modified stationary sources, issues permits to operate, conducts compliance inspections, witnesses and conducts air pollutant emissions testing, responds to complaints about air pollution, provides outreach to assist businesses in their compliance efforts, and administers a Hearing Board that considers permit appeals, orders of abatement, and requests for variances from air pollution control requirements.

Today's requested action meets federal, state, and local requirements placed upon the District to recover the costs of the services provided. Specifically, federal law requires the District to adopt fees to recover the full cost of issuing federally mandated operating permits to major stationary sources (sources whose total air pollution emissions in a year exceed certain levels). State law authorizes the District to increase fees to recover the actual costs of the services provided, but the total permit fee revenue from all Permit Applications and Permit Renewals may not increase by more than 15% in a fiscal year. In addition, Board Policy B-29: Fees, Grants, Revenue Contracts - Department Responsibility for Cost Recovery (Board Policy B-29) directs departments to seek to recover the full cost of all services they provide. Under this Board policy, the individual or entity requesting the service is responsible for all the costs associated with that service to ensure those benefitting from the services pay for those services, rather than the public in general. The proposed fees, if approved, would increase total revenue from Permit Applications and Permit Renewals by 13.7%, which comports with state law and fulfills Board Policy B-29. Lastly, the District receives no General Fund Revenue.

Permit fees were last updated more than five years ago (December 7, 2011 (AP01)). Asbestos Demolition or Renovation Notification fees were last updated nearly 13 years ago (June 23, 2004 (AP01)) and Hearing Board fees were last updated nearly 17 years ago (June 21, 2000 (AP01)). Since then, the District has implemented several program efficiencies and customer service enhancements. Examples include online applications for permits, online viewing of digital permit files, electronic inspection forms for engines, an online emissions inventory system, and a new District website. The District has also increased staff cross-training that enables efficient and flexible workload distribution across work units, preventing a need for staffing increases to meet new and increasingly stringent federal and state mandates. These efforts, among others, have helped offset increasing costs over the past several years.

Staff has completed a comprehensive analysis of all services provided to customers, including

**SUBJECT: NOTICED PUBLIC HEARING: ADOPT AMENDMENTS TO RULE 40 –
PERMIT AND OTHER FEES AND RULE 42 – HEARING BOARD FEES
(DISTRICTS: ALL)**

an examination of the tasks and functions performed and the associated costs. The analysis demonstrates that total fee revenues no longer cover the total costs of the services provided. This is due to workload increases associated with changed federal and state mandates and regulatory requirements, and increases in costs for labor (including retirement and benefits) and equipment and supplies. Therefore, a fee adjustment is necessary to comply with cost recovery requirements while maintaining the expected high levels of service and compliance with requirements for healthful air quality.

Fee Development Process

The fee development process combines a determination of the staff time required to provide each specific regulatory program service and a determination of the hourly rate that will recover the District's associated costs. Time requirements were determined through extensive time studies to document the number of hours required by staff to perform each service.

Next, the District determined hourly rates. The hourly rate is the foundation of how the County enterprise charges fees for its services. It is calculated using a methodology that is consistent across the County enterprise. The hourly rate is comprised of many components, including the labor rate paid to staff, their benefit costs, equipment and supply costs, and a share of the administrative costs of the District and County. The hourly rate was then used to calculate each fee based on the number of actual hours of documented time required by staff to perform each service.

The Auditor and Controller has reviewed and approved the supporting documentation and the methodology used to determine the proposed hourly rates and fees in this proposal.

Proposed Fee Package

The fee proposal, if adopted, would take effect on July 1, 2017. The proposal would increase 329 fees, decrease 39 fees, and add 1 fee. The average fee is proposed to increase as follows for the following fee categories: Permit Application fee by \$267 (18%); Permit Renewal fee by \$117 (27%); Emissions Test fee by \$741 (39%); Emissions Test-Witness fee by \$59 (3%); and Hearing Board fee by \$846 (361%). The average hourly rate for Time and Material fees will increase by \$18 (13%). The average Asbestos Demolition or Renovation Notification fee is proposed to decrease by \$160 (22%). No changes are proposed for the Air Contaminant Emissions Fee.

Fee Consolidation and Simplification

The fee adjustment proposal would simplify the fee structure by deleting 43 fees that are no longer necessary and consolidating another 17 fees.

Customer and Stakeholder Outreach

The District conducted outreach to customers to present, discuss, and receive comments on the fee adjustment proposal. The District held a public workshop on January 19, 2017. Advance notice of the workshop was mailed to every air quality permit holder and chamber of commerce in the region. A workshop notice was also distributed to interested parties through the County's electronic mail service, and posted on the District's website. The District's responses to the

SUBJECT: NOTICED PUBLIC HEARING: ADOPT AMENDMENTS TO RULE 40 – PERMIT AND OTHER FEES AND RULE 42 – HEARING BOARD FEES (DISTRICTS: ALL)

comments and questions received are summarized in a workshop report that was provided to interested parties. Additionally, separate meetings were held with the District's permit stakeholder group, the District's Advisory Committee, and the leadership of the Industrial Environmental Association. A detailed list of stakeholder meetings is included in Attachment E.

Overall, the business community has indicated they highly value the District's services and recognize the need for the proposed fee adjustments to recover the costs of providing those services to them. Additionally, some customers have recommended more frequent and smaller fee adjustments in the future.

Environmental Statement

Section 15273 of the CEQA Guidelines (California Code of Regulations, Title 14, Section 15273) provides that CEQA does not apply to the establishment, modification, structuring, restructuring or approval of fares and other charges by public agencies which are for the purpose of meeting operating expenses. As detailed above, the proposed amendments to Rule 40 and Rule 42 are necessary to achieve full cost recovery of the District's fee-based services. Therefore, the adoption of the proposed amendments is exempt from the requirements of CEQA.

Linkage to the County of San Diego Strategic Plan

Today's requested action supports the Operational Excellence Initiative in the County of San Diego's 2017-2022 Strategic Plan with a goal of providing appropriate resources to ensure superior service delivery to our customers. The proposed fee adjustments help ensure fiscal stability of the air pollution control program and enable staff to continue serving the business community and the general public in a manner that protects air quality and public health.

Respectfully submitted,

SARAH E. AGHASSI
Deputy Chief Administrative Officer

ROBERT J. KARD
Air Pollution Control Officer

24 C	Each Dry Chemical Mixer with capacity over one-half cubic yard	T+RN	T+RN	\$ -	\$ 149	\$ 433	\$ 284
Schedule 25: Volatile Organic Compound Terminals, Bulk Plants and Intermediate Refueler Facilities.							
1	Bulk Plants and Bulk Terminals equipped with or proposed to be equipped with a vapor processor:						
25 A	Per Tank	T+RN	T+RN	\$ -	\$ 1,013	\$ 370	\$ (643)
25 B	Tank Rim Seal Replacement	T+RN	T+RN	\$ -	N/A	\$ -	\$ -
25 C	Per Truck Loading Head	T+RN	T+RN	\$ -	\$ 368	\$ 1,197	\$ 829
25 D	Per Vapor Processor	T+RN	T+RN	\$ -	\$ 1,683	\$ 388	\$ (1,295)
25 G	NAVY REGION SW (ID#APCD1980-SITE-02754)*	New Fee Schedule	T+RN	\$ -	New Fee Schedule	\$ 669	\$ -
*Pursuant to Subsection (c)(3)							

T+RN = time and renewal; T+M = time and material

**TABLE 1 - PROPOSED RULE 40 –
SUMMARY OF REVISED FEE SCHEDULES 1 - 59**

Fee Sched.	Description	Application + Renewal			Renewal		
		Current Initial Evaluation Fee	Proposed Initial Evaluation Fee	Increase/ (Decrease)	Current Emission Unit Renewal Fee	Proposed Emission Unit Renewal Fee	Increase/ (Decrease)
Schedule 25: Volatile Organic Compound Terminals, Bulk Plants and Intermediate Refueler Facilities. - continued							
2	Bulk Plants not equipped with or not proposed to be equipped with a vapor processor:						
25 E	Per Tank	T+RN	T+RN	\$ -	\$ 87	\$ 367	\$ 280
25 F	Per Truck Loading Head	T+RN	T+RN	\$ -	\$ 40	\$ 296	\$ 256
"Vapor Processor" means a device which recovers or transforms volatile organic compound by condensation, refrigeration, adsorption, absorption, incineration, or any combination thereof.							
3	Facilities fueling intermediate refuelers (IR's) for subsequent fueling of motor vehicles, boats, or aircraft:						
25 H	Per IR Loading Connector	T+RN	T+RN	\$ -	\$ 76	\$ 377	\$ 301
If a facility falls into Part 1, 2 or 3 above and is equipped with dispensing nozzles for which Phase II vapor controls are required, additional fees equivalent to the "per nozzle" fees for Schedule 26(a) shall be assessed for each dispensing nozzle.							
Schedule 26: Non-Bulk Volatile Organic Compound Dispensing Facilities. Subject to District Rules 61.0 through 61.6							
26 A	Facilities where Phase I and Phase II controls are required (includes Phase I fee)	\$ 2,202	\$ 2,326	\$ 124	\$ 75*	\$ 173**	\$ -
26 B	RESERVED						
26 C	Facilities where only Phase I controls are required (includes tank replacement)	\$ 1,266	\$ 2,162	\$ 896	\$ 132	\$ 541	\$ 409
26 D	RESERVED						
26 E	Non-retail facilities with 260-550 gallon tanks and no other non-bulk gasoline dispensing permits Fee Per Facility	\$ 599	\$ 673	\$ 74	\$ 87	\$ 480	\$ 393
26 F	Phase II Bootless or Mini Booted Nozzle Vacuum Assist System facility Renewal Fee: Fee x nozzles x product grades per nozzle Consolidated With 26A	\$ 2,752	\$ 2,326	\$ (426)	\$ 99*	\$ 173**	\$ -
* Renewal Fee: Fee x nozzles x product grades per nozzle ** New Renewal Fee: Fee x nozzles							

T+RN = time and renewal; T+M = time and material

Re Rules and Regulations of the)
Air Pollution Control District)
of San Diego County)

**RESOLUTION ADOPTING AMENDMENTS TO
RULE 40 – PERMITS AND OTHER FEES AND
RULE 42 – HEARING BOARD FEES, OF REGULATION III
OF THE RULES AND REGULATIONS OF THE
SAN DIEGO COUNTY AIR POLLUTION CONTROL DISTRICT**

WHEREAS, the San Diego County Air Pollution Control Board, pursuant to Section 40702 of the Health and Safety Code, adopted Rules and Regulations of the Air Pollution Control District of San Diego County; and

WHEREAS, said Board now desires to amend said Rules and Regulations; and

WHEREAS, notice has been given and a public hearing has been held relating to the amendments of said Rules and Regulations pursuant to Section 40725 and 42311 of the Health and Safety Code; and

WHEREAS, pursuant to Section 40727 of the Health and Safety Code, the Air Pollution Control Board of the San Diego County Air Pollution Control District (“District”) makes the following findings:

(1) (Necessity) The adoption of amendments to the permit fees in Rule 40 and to hearing board fees in Rule 42 is necessary to recover the increased District costs of operating permit-related and hearing board programs;

(2) (Authority) Adoption of amendments to Rule 40 and Rule 42 are authorized by Health and Safety Code Sections 40702 and 42311;

(3) (Clarity) The amendments to Rule 40 and Rule 42 can be easily understood by persons directly affected by them;

(4) (Consistency) Health and Safety Code Section 41512.7(d) provides that individual District fees may be increased to reflect the District’s actual costs as long as the total aggregate increase in fees does not exceed 15 percent in that fiscal year, and as long as certain requirements for a cost-based fee system are met. The proposed amendments are in harmony with Health and Safety Code Section 41512.7(d). The proposed amendments are also in harmony with, and not in conflict with or contrary to, other existing statutes, court decisions, and state and federal regulations;

(5) (Non-duplication) The proposed amendments to Rule 40 and Rule 42 will not impose the same requirements as existing District, state, or federal requirements;

(6) (Reference) The proposed amendments to Rule 40 and Rule 42 specify permit and other fees, and hearing board fees pursuant to Health and Safety Code Section 42311 and in accordance with Health and Safety Code Section 41512.7(d); and

NOW THEREFORE IT IS RESOLVED AND ORDERED by the San Diego County Air Pollution Control Board that the Rules and Regulations of the Air Pollution Control District of San Diego County be and hereby are revised as follows:

1. Proposed amended Rule 40 is to read as follows:

REGULATION III: FEES

RULE 40. PERMIT AND OTHER FEES (Adopted *(date of adoption)* & Eff. July 1, 2017)

RULE 40. PERMIT AND OTHER FEES

(a) APPLICABILITY

(1) Notwithstanding any other provision of these rules, this rule shall be used to determine all fees charged by the Air Pollution Control District (District), as authorized by the Air Pollution Control Board, except for those specified in Rule 42 - Hearing Board Fees. These include, but are not limited to, fees for: applications, permits, portable equipment registrations, renewals, source testing, asbestos demolition or renovation notifications, cooling towers, emergency episode plans, grid searches, technical consultations, new or modified power plants, Toxic Hot Spots, Title V Operating Permits, and Synthetic Minor Source Permits, and reviews, analyses, documents and procedures required or requested pursuant to the California Environmental Quality Act (CEQA).

(2) This rule shall be used to determine refunds, forfeitures and insufficient payment of fees, if applicable.

(b) DEFINITIONS

The following definitions shall apply for terms used in this rule:

(1) **“Annual Operating Fee”** means all fees related to a permit that are paid on an annual basis. These include, but are not limited to, the following: Site Identification (ID) Processing and Handling Fee, Permit Processing Fee, Emission Unit Renewal Fee, Air Contaminant Emissions Fee, District and State Air Toxic Hot Spots Fee, and Annual Source Test Fee.

(2) **“Applicant”** means the owner of the emission unit or operation, or an agent specified by the owner.

(3) **“Initial Application Fee”** means all fees related to an application. These include, but are not limited to, a Non-refundable Processing Fee, Initial Evaluation Fee, Air Contaminant Emissions Fee, and if applicable, an Additional Engineering Evaluation Fee and/or Source Test Fee.

(4) **“Location”** means the same as **“Stationary Source”** as defined in Rule 2.

(5) **“Permit to Operate”** or **“permit”** means any District authority to operate, such as a Permit to Operate, Certificate of Registration, Title V or Synthetic Minor Source permit, unless otherwise specified.

(6) **“T+M”** means time and material costs.

(7) **“T+RN”** means time and material costs plus renewal fees.

(8) **“Valid Permit or Valid Authority to Construct”** means a Permit or Authority to Construct for which all fees are current.

All other terms mean the same as defined in Rule 2 – Definitions unless otherwise defined by an applicable rule or regulation.

(c) GENERAL PROVISIONS

(1) No application shall be considered received unless accompanied by the completed application and associated supplemental forms (if available) and the appropriate Initial Evaluation Fees.

(2) All time and material (T+M) and time and renewal (T+RN) costs shall be determined using the labor rates specified in Fee Schedule 94.

(3) If the Air Pollution Control Officer determines that the activities of any one company would cause an increase of at least 10 percent in any one Emission Unit Fee Schedule, the Air Pollution Control Officer may delete the costs attributed to that company from the cost data used to determine that type of Emission Unit Fee Schedule. The costs from such a company shall be recovered by development of a source-specific Emission Unit Fee Schedule. The specific Emission Unit Fee Schedules shall be submitted to the Air Pollution Control Board for consideration and adoption.

(4) If the Air Pollution Control Officer determines that a person has under-reported material usage, emissions or other information necessary for calculating an emissions inventory, and such under-reporting has led to an Air Contaminant Emissions Fee less than what would have been due if correct usage, emissions or other information had been reported, then the person shall pay the difference between the original and corrected Air Contaminant Emissions Fee plus a charge equal to 30 percent of the difference. Such charge shall not apply if the permittee demonstrates to the Air Pollution Control Officer's satisfaction that the under-reporting was the result of inadvertent error or omission which the permittee took all reasonable steps to avoid. Required fees not paid within 30 days of the due date shall be assessed a late fee in the amount prescribed in Section (g).

(5) Credit card payments for fees will be assessed a processing fee of 2.2% of the amount paid by credit card. This processing fee covers only costs assessed to the District by credit card providers. Payments made using the online application submittal system will

not be assessed a processing fee but will be subject to fees charged by the online submittal system vendor for the service. These convenience fees are not remitted to the District.

(d) AUTHORITY TO CONSTRUCT AND PERMIT TO OPERATE FEES

(1) General Provisions

(i) Every applicant for an Authority to Construct/Permit to Operate for any article, machine, equipment or other contrivance shall pay the applicable fees as specified in Section (d) for each emission unit.

(ii) A \$104 Non-refundable Processing Fee shall be submitted with each application for an Authority to Construct/Permit to Operate, Change of Location, Change to an Existing Permit Unit, Like-Kind Replacement or Banking Emission Reduction Credits. This fee does not apply to applications for a Change of Ownership, Identical Replacement, or Fee Schedules 49(a) or 49(b).

(iii) When additional evaluation fees are required, the applicant shall deposit the amount estimated to cover the evaluation costs upon receipt of such an invoice. The District may stop work on the application until the invoiced amount is fully paid.

(iv) Initial Evaluation Fees and Emission Unit Renewal Fees shall be determined using the amounts listed in Columns (1) and (2) respectively, of the Fee Schedules provided within this rule.

(2) Initial Application Fees for an Authority to Construct/Permit to Operate

The Initial Application Fees for an Authority to Construct/Permit to Operate application shall include a Non-refundable Processing Fee, Initial Evaluation Fee, Air Contaminant Emissions Fee, and if applicable, an Additional Engineering Evaluation Fee and/or Source Test Fee.

Calculation Worksheet for Initial Application Fees

Non-refundable Processing Fee	\$104
Initial Evaluation Fee ¹	
Air Contaminant Emissions Fee ²	
Additional Engineering Evaluation Fees ³	
Source Test Fee ⁴	

Total: \$ _____

Notes:

1. See Fee Schedule. If T+M or T+RN fee is indicated, call the District for a fee estimate.
2. See Subsection (d)(4) to determine applicable fee, based on total facility emissions.
3. See Subsection (d)(5) to determine if additional fees are required, or call the District for a fee estimate.
4. Call the District for a Source Test Fee estimate.

(3) Initial Evaluation Fee

The Initial Evaluation Fee shall be determined based on the specific type of equipment, process or operation for which an application is submitted, as listed in Column (1) of the Fee Schedules provided within this rule.

(i) Where the fee specified in Column (1) is T+RN, the fee shall be the actual evaluation cost incurred by the District and either the specified Emission Unit Renewal Fee (Column (2)) or an estimated T+M renewal fee for the first year of operation. The applicant shall deposit the amount estimated to cover the actual evaluation cost at the time of application submittal.

(ii) If the equipment, process or operation for which an application is submitted is not listed in the Fee Schedules, the Initial Evaluation Fee shall be on a T+M basis, including the Emission Unit Renewal Fee, as specified in Fee Schedule 91.

(iii) If the equipment, process, or operation for which an application is required solely due to a change in Rule 11 – Exemptions from Rule 10 Permit Requirements, the evaluation fee shall be based on the actual evaluation cost incurred by the District, not to exceed the Initial Evaluation Fee minus the Emission Unit Renewal Fee (Column (1) minus (2)), except as provided under Subsection (d)(5).

(4) Air Contaminant Emissions Fees

The Air Contaminant Emissions Fee is an annual fee based on total air contaminant emissions from the stationary source. This fee shall also apply to portable equipment permitted or registered under these Rules and Regulations. For purposes of this subsection, the term “facility” means either the stationary source, or collection of portable equipment permitted or registered under a single site ID.

(i) For existing facilities, an Air Contaminant Emissions Fee shall not be collected as part of an Initial Application Fee, if the Air Contaminant Emissions Fee was paid as part of the most recent Annual Operating Fees.

(ii) For new facilities, the Air Contaminant Emissions Fee shall be paid with the first permit application filed for the new facility and based upon actual expected air contaminant emissions from the facility, as estimated by the District, for the calendar year in which the Permit to Operate is issued, as specified below. This fee shall remain unchanged until revised to reflect the most recent District approved emissions inventory report.

(A) If the actual expected annual emissions of carbon monoxide (CO), oxides of nitrogen (NO_x), oxides of sulfur, particulate matter (PM₁₀) or volatile organic compounds (VOC) equal or exceed five tons, then the Air Contaminant Emissions Fee shall be based on the total expected emissions of all these contaminants for that calendar year, multiplied by an air contaminant emissions fee rate of \$116 per ton.

(B) For all other new facilities, a single Air Contaminant Emissions Fee shall be paid based on the following table using the Fee Schedule that is most representative of the nature of the activities at the stationary source:

<u>Fee Schedule</u>	<u>Source Category Description</u>	<u>Annual Emissions Fee</u>
26(a)	VOC dispensing facility - Phase I and Phase II controls required	\$9*
28 (k and l)	Contract service solvent cleaning units (for contract companies with 100 or more units)	\$7 per cleaning unit
28(f)	Facilities with only remote reservoir units and no other permits at the facility	\$7 per cleaning unit
27(e)	Industrial surface coating applications	\$580
27(k)	Metal parts and aerospace coating applications	\$580
27(m)	Wood product coating applications	\$580
27(v)	Adhesive application operations	\$580
Various	All other stationary sources	\$116

* The total Annual Emissions Fee for these units is calculated by multiplying the indicated fee. (Emissions Fee = indicated fee x number of nozzles)

If the most representative nature of the activities cannot be determined for facilities with more than one source category description or fee schedule, the highest applicable annual emissions fee shall apply.

(5) Additional Evaluation and Processing Fees for New or Revised Applications

If an application requires the District to evaluate the emission unit for compliance with Rule 51 – Nuisance, Rule 1200 – Toxic Air Contaminants-New Source Review, Rules 20.1 through 20.8 (New Source Review), Rules 26.0 through 26.10 (Emission Reduction Credits), pre-backfill inspections for gasoline dispensing facilities, Regulation X – New Source Performance Standards, Regulation XI – National Emission Standards for Hazardous Air Pollutants, Regulation XII – Toxic Air Contaminants, federal Prevention of Significant Deterioration (PSD) requirements, a federal National Emission Standard for Hazardous Air Pollutants (NESHAP), State Airborne Toxic Control Measure (ATCM), CEQA, or to conduct additional application processing procedures in accordance with Health and Safety Code Section 42301 or 42301.6, the applicant shall pay the actual cost incurred by the District for such evaluation and processing procedures, and any additional fees specified by this rule. The applicant shall deposit the amount estimated to cover the actual evaluation cost at the time of application submittal or upon request by the District.

(6) Fees for Revisions to Valid Permits

The owner of a valid permit, or his agent, may submit an application to propose the types of changes listed below. The evaluation fee for a revision shall be based on the actual evaluation cost incurred by the District, not to exceed the Initial Evaluation Fee minus the Emission Unit Renewal Fee (Column (1) minus (2)), except as provided under Subsections (d)(5), (d)(6)(v), and (d)(6)(vi). The applicant shall deposit the amount estimated to cover the actual cost of evaluating the proposed change at the time of application submittal.

Calculation Worksheet for Modified Equipment Fees

Non-refundable Processing Fee	\$104
Initial Evaluation Fee ¹	
Additional Engineering Evaluation Fees ²	

Total: \$_____

Notes:

1. See Fee Schedules, use Column (1) – (2). If T+M or T+RN fee is indicated, call the District for a fee estimate.
2. See Subsection (d)(5) to determine if additional fees are required, or call the District for a fee estimate.

(i) **Operational Change:** An application which proposes an operational change of a valid permit.

(ii) **Condition Change:** An application which proposes a condition change of a valid permit.

(iii) **Additions, Alterations and Replacement of Equipment:** An application which proposes an addition, alteration or replacement of an emission unit described in a valid permit.

(iv) **Review for a Change of Location:** An application which proposes a change of location for an emission unit with a valid permit. An application is not required for any change of location within a stationary source or for a portable emission unit.

(v) **Ownership Change:** An application which proposes an ownership change for a valid permit shall pay an administrative fee of \$104. The applicant shall demonstrate to the District's satisfaction proof of entitlement to the Permit to Operate at the time of application submittal. Prior to an ownership change application being processed, payment of all outstanding charges that are normally due and associated with that permit must be paid.

(vi) **Like-Kind Replacement Units per Rule 11 – Exemptions from Rule 10 Permit Requirements, Subsection (d)(5):** An application for a permit change to reflect an eligible like-kind replacement emission unit pursuant to Rule 11 (d)(5)(ii), shall pay a fee of \$374, in addition to the Non-refundable Processing Fee.

(7) Fees for Revisions to Valid Authorities to Construct

The owner of a valid Authority to Construct, or his agent, may submit an application to propose the types of changes listed in Subsections (d)(6)(i thru v). The evaluation fee for a revision shall be based on the actual evaluation cost incurred by the District, not to exceed the Initial Evaluation Fee minus the Emission Unit Renewal Fee (Column (1) minus (2)), except as provided under Subsection (d)(5). The applicant shall deposit the amount estimated to cover the actual cost of evaluating the proposed change at the time of application submittal.

(8) Special Application Processing Provisions

(i) Reduced Fees for Similar Emission Units at a Single Stationary Source

If more than one application for an Authority to Construct/Permit to Operate is submitted at the same time for similar emission units at the same stationary source location, then the first emission unit shall be charged the Initial Application Fee as specified in Subsection (d)(2). Each additional emission unit shall be charged the Emission Unit Renewal Fee and the actual T+M costs incurred by the District to evaluate the emission unit and act upon the applications. The total cost for each additional emission unit shall not exceed the Initial Evaluation Fee (Column (1)), except as provided under Subsection (d)(5).

This provision only applies to the extent that each emission unit will be operated independently, and the evaluation for an Authority to Construct for the first emission unit can be applied to the additional units because of similarity in design and operation, and each emission unit can be evaluated and inspected for a Permit to Operate at the same time. The provisions of this subsection shall not apply to Fee Schedules 3 and 26.

(ii) Reinspection Fees

If during an inspection for a Permit to Operate, an emission unit cannot be evaluated due to circumstances beyond the control of the District, the applicant shall pay the actual time and material costs of performing a reinspection. An estimated reinspection fee, as determined by the District, may be required to be deposited with the District prior to reinspection of the emission unit.

(iii) Split Fee Payments for Applications

An applicant may request a split payment of evaluation fees due to financial hardship. This request must be made in writing. The first payment, plus an administrative fee of \$75, must be deposited with the application. The second payment is due no later than 60 days after filing the application.

(iv) Fees for Expedited Application Processing

If an applicant requests expedited processing of an application and the District determines that such expedited processing is available through voluntary overtime work, the applicant shall pay an application fee equal to one and one-quarter times that which is otherwise specified by this rule, except that the Non-refundable Processing Fee and any applicable air contaminant emission fee shall be not more than that specified by this rule. At the time of submittal of the application, the applicant shall deposit a fee equal to that otherwise specified by this rule. If the application receives expedited processing, no final action shall be taken on the application until the applicant has paid the remainder of the fees required by this paragraph.

(v) Requirement for Defense and Indemnification Agreement

On a case-by-case basis, where significant risk to the District is identified in connection with the processing of an application, the Air Pollution Control Officer may require a defense and indemnification agreement from the applicant. The agreement shall be in a form approved by the Air Pollution Control Officer.

On a case-by-case basis, the Air Pollution Control Officer may determine to require security from the applicant. A determination to require security shall only be made by the Air Pollution Control Officer, and shall not be delegable. The Air Pollution Control Officer shall establish the form and amount of the security, as well as the time the security is to be provided to the District.

(vi) Indemnification

Each applicant, to the extent the applicant is at fault in causing liability to the District, shall indemnify the District, its agents, officers and employees (collectively "District Parties") from any claim, action, liability, or proceeding against the District Parties to attack, set aside, void or annul the applicant's project or any of the proceedings, acts or determinations taken, done or made as a result of District's processing and/or approval of the project, as specified below. Each applicant's obligation to indemnify shall apply to any lawsuit or challenge against the District Parties alleging failure to comply with the requirements of any federal, state, or local laws, including, but not limited to, requirements of these Rules and Regulations. This indemnification requirement shall be included in the application form provided to all applicants.

Each applicant's obligation to indemnify the District Parties shall include, but not be limited to, payment of all court costs and attorneys' fees, costs of any judgments or awards against the District, damages, and/or settlement costs, which arise out of District's processing and/or approval of the applicant's project, except that an applicant shall only be responsible for indemnifying the District Parties in the amount of liability which is equal to the proportion of fault caused by the applicant, as determined by a court. Where any court action results in a ruling for the plaintiff/petitioner, the applicant and the District shall request a determination on the percentage contribution of fault from the court which adjudicated the underlying challenge to the applicant's project.

Notwithstanding this subsection, when a defense and indemnification agreement is required for a project under Subsection (d)(8)(v) above, the provisions of the defense and indemnification agreement shall apply to the applicant and not the provisions of this subsection.

(vii) Fees for Previously Permitted Emission Units Operating Without Valid Permits

In addition to the fees otherwise specified by this Section (d), a person who is applying for an Authority to Construct and/or Permit to Operate for a previously permitted emission unit that was operated after the applicable permit expired, and is

no longer eligible for reinstatement, shall pay the annual operating and late fees specified in Sections (e), (f), and (g) that would have otherwise been due. Such payment shall not negate any fines and penalties that may be assessed for violations of the requirement to operate with a valid permit.

(e) ANNUAL OPERATING FEES

(1) General Provisions

(i) Annual Operating Fees are due on an annual basis and shall be paid by any person who is required to maintain a Permit to Operate or Temporary Authorization pursuant to Rule 10 – Permits Required, Section (b).

(ii) Annual Operating Fees are due by 5 PM Pacific Time on the date the permit expires. Permits expire on the last day of the renewal month. Payments received after the permit expiration date are subject to the late fee provisions of Section (g).

(2) Annual Operating Fees

The following applicable fees shall be paid as part of the Annual Operating Fees: Site ID Processing and Handling Fee, Permit Processing Fee, Emission Unit Renewal Fee, Air Contaminant Emissions Fee, and if applicable, District and State Air Toxic Hot Spots Fee and Annual Source Test Fee.

Calculation Worksheet for Annual Operating Fees

Site ID Processing and Handling Fee	\$35
Permit Processing Fee (\$25 x number of permitted units)	
Emission Unit Renewal Fee (See (iii) below)	
Air Contaminant Emissions Fee (See (iv) below)	
District and State Air Toxic Hot Spots Fee (See (v) below)	
Annual Source Test Fee (See (vi) below)	

Total: \$_____

(i) Site ID Processing and Handling Fee: A site ID processing and handling fee of \$35 per facility.

(ii) Permit Processing Fee: A permit processing fee of \$25 per Permit to Operate.

(iii) Emission Unit Renewal Fee: An annual renewal fee, for each specific type of emission unit, as specified in the Fee Schedules (Column (2)).

(iv) Air Contaminant Emissions Fee: An annual Air Contaminant Emissions Fee based on total emissions from the stationary source. This fee shall also apply to portable equipment permitted or registered under these Rules and Regulations. For purposes of this subsection, the term “facility” means either the stationary source, or collection of portable equipment permitted or registered under a single site ID.

(A) For facilities with annual emissions of either carbon monoxide (CO), oxides of nitrogen (NO_x), oxides of sulfur, particulate matter (PM₁₀) or volatile organic compounds (VOC) that equal or exceed five tons, as indicated by the most recent District approved emission inventory report or an initial evaluation made pursuant to Subsection (d)(4)(ii), the Air Contaminant Emissions Fee shall be based on the total calendar year emissions of all these contaminants, multiplied by an air contaminant emissions fee rate of \$116 per ton.

(B) For all other facilities, a single Air Contaminant Emissions Fee shall be paid based on the following table using the Fee Schedule that is most representative of the nature of the activities at the stationary source:

<u>Fee Schedule</u>	<u>Source Category Description</u>	<u>Annual Emissions Fee</u>
26(a)	VOC dispensing facility - Phase I and Phase II controls required	\$9*
28 (k and l)	Contract service solvent cleaning units (for contract companies with 100 or more units)	\$7 per cleaning unit
28(f)	Facilities with only remote reservoir units and no other permits at the facility	\$7 per cleaning unit
27(e)	Industrial surface coating applications	\$580
27(k)	Metal parts and aerospace coating applications	\$580
27(m)	Wood product coating applications	\$580
27(v)	Adhesive application operations	\$580
Various	All other stationary sources	\$116

* The total annual Emissions Fee for these units is calculated by multiplying the indicated fee and the number of nozzles.
(Emissions Fee = indicated fee x number of nozzles)

If the most representative nature of the activities cannot be determined for facilities with more than one source category description or fee schedule, the highest applicable annual emissions fee shall apply.

(v) District and State Air Toxic Hot Spots Fee: If applicable, the stationary source-specific fee required under the Air Toxics "Hot Spots" Information and Assessment Act. See Subsection (f)(7).

(vi) Annual Source Test Fee: If a periodic source test is required, the applicable source test fee, as specified in Fee Schedules 92 and/or 93.

(3) Staggered Renewal Dates

The District may initiate, or the owner of a Permit to Operate may request in writing, to change the renewal month of all permits located at a single facility. When the established renewal month for a facility is changed to a new renewal month, the amount due for each permit shall be prorated to reflect the new renewal month. Revised permits will be issued after the prorated amount has been paid.

(4) Split Payment of Annual Operating Fees

Owners or operators may request a split payment of the Annual Operating Fees due to financial hardship. This request must be made in writing at least one day prior to the due date. The first payment, plus an administrative fee of \$75, must be deposited by 5 PM Pacific Time on the date the permit expires. The second payment is due no later than 60 days after the date the permit expires. Permits expire on the last day of the renewal month. The renewed permit will be issued after the second payment is made.

(5) Inactive Status Permits

A person who holds a valid permit who desires to have that permit placed on inactive status pursuant to Rule 10 – Permits Required shall submit an application requesting such change and shall pay the Initial Evaluation Fee specified in Fee Schedule 49(a)(Column (1)). If such request is received at the time of annual renewal of the permit, the person shall also pay the annual Emission Unit Renewal Fee specified in Fee Schedule 49(a)(Column (2)). Thereafter, the annual Emission Unit Renewal Fee for the inactive status permit shall be as specified in Fee Schedule 49(a)(Column (2)). When a person who holds a valid inactive status permit applies, in accordance with Rule 10, for the condition prohibiting operation to be removed and the permit returned to active status, the owner or operator shall pay the Initial Evaluation Fee specified in Fee Schedule 49(b)(Column (1)), any Additional Engineering Evaluation Fees required pursuant to Subsection (d)(5), and the applicable Annual Operating Fee specified in Section (e) for that category of emission unit with an active status permit, prorated for the portion of the permit renewal year remaining.

(f) SPECIFIC PROGRAM FEES

(1) General Provisions

For all of the applicable programs listed below, a late fee as described in Section (g) shall be assessed if the required fees are not paid within 30 days after the due date.

(2) Asbestos Demolition or Renovation Notification

For each asbestos demolition or renovation notification subject to Regulation XI Subpart M (NESHAP), the owner or operator shall pay the applicable fees specified below. For projects where one notification is submitted for both renovation and demolition operations, the owner or operator shall pay both applicable renovation and demolition fees. Fees are due at the time a notification is submitted. Notifications or revisions thereof will not be considered received unless accompanied with the required fees. The terms used below are defined in Regulation XI Subpart M.

<u>TYPE OF OPERATION</u>	<u>Fee</u>
1. Renovation Operations (excluding residential buildings having four or fewer dwelling units)	
>160 sq. ft. or >260 linear (ln). ft. to 500 sq. or ln. ft.	\$451
501 to 2,000 sq. or ln. ft.	\$529
2,001 to 5,000 sq. or ln. ft.	\$609
5,001 to 10,000 sq. or ln. ft.	\$671

>10,000 sq. or ln. ft.	\$746
2. Planned (Annual) Renovation Operations (add to appropriate renovation operation fee listed above)	\$90
3. Emergency Renovation Operations (add to appropriate renovation operation fee listed above)	\$90
4. Demolition Operations Regulated Asbestos Containing Material (RACM) sites or Non- RACM sites or sites with no asbestos present	\$535
5. Emergency Demolition Operations (add to demolition operation fee listed above)	\$90
6. Revised Notification Fee for Renovations, Demolitions, Planned Renovations, and Emergency Operations (NOTE: a revision is defined as a change in the original start date or when the amount of asbestos changes by greater than or equal to 20%.)	\$44

Additional fees may be required if the revised amount of asbestos to be removed increases to a higher category. The additional fee will be the difference between the fee paid and the fee required for the new category.

(3) Cooling Towers

The owner or operator of any cooling tower(s) shall submit a compliance plan for the tower(s) to the District with the applicable fees. Circulating water test results shall also be submitted with the compliance plan if required by Rule 1202 – Hexavalent Chromium-Cooling Towers.

Plan Fee per facility	\$37
Each cooling tower	\$21

(4) Air Pollution Emergency Episode Plan Fee

The owner or operator of a facility for which a plan or a plan update is required by District Regulation VIII – San Diego Air Pollution Emergency Plan shall pay a \$147 evaluation fee for each plan or plan update, at the time the plan is submitted for review.

(5) Grid Search

Any school district, individual, business or agency that submits a request for the District to conduct a grid search to identify all facilities with the potential to emit hazardous air contaminants (pollutants) shall deposit an initial fee of \$362 at the time the grid search is requested. If the actual costs incurred are greater than the amount deposited, the school district, individual, business or agency that made the request shall submit an additional amount as specified by the District to recover the remaining actual costs of performing the grid search.

(6) New or Modified Power Plants

Any source subject to the requirements of Rule 20.5 - Power Plants, shall reimburse the District for the actual costs incurred in order to comply with the provisions of Rule 20.5. The applicant shall deposit the amount estimated to cover the actual cost at the time of application submittal.

(7) Toxic Hot Spots

The owner or operator of a facility who has been identified by the District as being subject to the requirements of Health and Safety Code Section 44300 et seq. (the Air Toxics "Hot Spots" Information and Assessment Act), shall pay the applicable fees specified below to the District within 30 days of receipt of an invoice for the required fees.

(i) The owner or operator of a facility identified by the District as subject to any of the site-specific program requirements listed below shall pay an annual site-specific program fee. The amount of the site-specific program fee shall be equal to the actual costs incurred by the District associated with the site-specific program requirements for each affected facility.

(A) Toxic air contaminant emissions source testing when necessary to determine emissions for inclusion in a toxic air contaminant emissions inventory.

(B) Public health risk assessment or updated public health risk assessment pursuant to Health and Safety Code Section 44360 et seq. or Rule 1210 – Toxic Air Contaminant Public Health Risks-Public Notification and Risk Reduction.

(C) Public notification of public health risks pursuant to Health and Safety Code Section 44362 or Rule 1210 – Toxic Air Contaminant Public Health Risks-Public Notification and Risk Reduction.

(D) Facility toxic air contaminant risk reduction audit and plan pursuant to Health and Safety Code Section 44390 or Rule 1210 – Toxic Air Contaminant Public Health Risks-Public Notification and Risk Reduction.

(ii) In addition to the fee specified in Subsection (f)(7)(i), the owner or operator of a facility subject to the requirements of Health and Safety Code Section 44300 et seq. shall pay an annual fee for the recovery of State program costs. The amount of the annual State program fee for each facility shall be that specified by the ARB in accordance with the State Air Toxics "Hot Spots" Fee Regulation contained in Title 17, California Code of Regulations, Section 90700 et seq.

(8) California Clean Air Act

The owner or operator of a stationary source who is required by Title 17, California Code of Regulations, Section 90800, et seq., to pay a fee adopted by the Air Resources Board shall pay the required fee to the District within 30 days of receipt of an invoice for the required fees.

(9) Title V Operating Permit

The owner or operator of a stationary source subject to the requirements of Regulation XIV – Title V Operating Permits, shall pay the actual time and materials costs incurred by the District to review and act upon an application for initial permit, permit modification, administrative permit amendment, Section 502(b)(10) change, enhanced Authority to Construct and/or Title V operating permit renewal; to evaluate such source for compliance with Regulation XIV and the terms and conditions of a Title V operating permit, including, but not limited to, the costs incurred to document such evaluation, to prepare reports, and to take any actions necessary in cases of noncompliance; to reopen an existing Title V operating permit; and to cancel a Title V operating permit.

(10) Synthetic Minor Source Permit

The owner or operator of a stationary source that submits an application to obtain a Synthetic Minor Source (SMS) Permit pursuant to Rule 60.2 - Limiting Potential to Emit-Synthetic Minor Sources, shall pay the fees specified below to recover the actual costs incurred by the District to review and act upon an application for initial permit, permit modification and/or permit renewal.

Application evaluation fee (new or modified permits)	T+M
SMS permit renewal fee	T+RN

(11) Determination of Exemption

The owner or operator of any emission unit or process requesting a determination of exemption pursuant to Rule 11 - Exemptions from Rule 10 Permit Requirements, Subsection (d)(19), shall pay an evaluation fee based on T+M (with an initial deposit of \$410) to recover the actual costs incurred by the District to evaluate the emission unit or process.

(12) California Environmental Quality Act

Whenever the District is requested or required to conduct analyses, review or prepare documents, or conduct and/or participate in administrative procedures, meetings or hearings pursuant to CEQA, the District costs shall be paid by the persons requesting and/or receiving such services. District staff costs shall be determined using the labor rates specified in Fee Schedule 94. Costs to the District resulting from the activities of other agencies or consultants to the District necessary to provide such services shall be included in the total District costs. Persons requesting and/or receiving such services shall be charged the estimated cost of providing those services and shall deposit such amount to the District in advance of the service, unless prior arrangements for payment have been approved by the District. If the actual costs incurred are greater than the amounts deposited, the persons requesting and/or receiving the services shall deposit additional amounts as specified by the District to recover the remaining actual costs. Any funds deposited in excess of actual costs incurred shall be refunded.

(g) LATE FEES

(1) Late fees for Annual Operating Fees due to the District shall apply as follows:

(i) A late fee of 30 percent of the Annual Operating Fees due or \$250, whichever is less, shall be added for fees paid later than the last day of the renewal month.

(ii) An additional late fee of 10 percent of the Annual Operating Fees due shall be added for each additional month or portion thereof that the fees remain unpaid.

(iii) In no case shall the late fees exceed 100 percent of the total Annual Operating Fees.

(2) Late fees for any payments due to the District, except Annual Operating Fees, shall apply as follows:

(i) A late fee of 30 percent of the amount due shall be added for payments made more than 30 days after the due date.

(ii) An additional late fee of 10 percent of the amount due shall be added for each additional month or portion thereof that the payment is not received.

(iii) In no case shall the late fees exceed 100 percent of the amount due.

(h) RENEWAL OF EXPIRED PERMIT(S) & REINSTATEMENT OF RETIRED PERMIT(S)

(1) General Provisions

In addition to the Annual Operating Fees due for renewing an expired permit or reinstating a retired permit, any applicable fees pursuant to Subsection (d)(6), such as an ownership change, change of location, or modification, shall be paid concurrently.

New owners seeking to renew or reinstate a retired permit are responsible for payment of all outstanding charges that are normally due and associated with that retired or expired permit.

(2) Renewal of Expired Permit(s) to Operate

An expired permit can be renewed within six months of the expiration date by paying the applicable Annual Operating Fees and the late fees as specified in Section (g).

(3) Reinstatement of Retired Permit(s) to Operate

A retired permit can be reinstated within six months of the retirement date by submitting a written request, and paying the applicable Annual Operating Fees, a reinstatement fee of \$75 and the late fees as specified in Section (g).

(i) REFUNDS, INSUFFICIENT PAYMENT OF FEES AND CANCELLATIONS

(1) General Provisions

(i) No refunds shall be issued for amounts of less than \$25.

(ii) If an applicant does not sign, date and return a refund claim form within six months after receipt of the form, all rights to a refund shall be forfeited.

(2) Application Fee Refunds

(i) If an application for an Authority to Construct/Permit to Operate is withdrawn by the applicant:

(A) before the engineering evaluation has begun, the District will refund the entire Initial Application Fee, less the \$104 Non-refundable Processing Fee.

(B) after the engineering evaluation has begun, the District will refund the Initial Application Fee, less the \$104 non-refundable processing fee, and all costs incurred by the District to evaluate the application.

(ii) If an application for an Authority to Construct/Permit to Operate is denied or cancelled, the District will refund the Initial Application Fee, less the \$104 Non-refundable Processing Fee, the Initial Evaluation Fee (if a dollar amount is listed in Column (1), and not T+M or T+RN), and all other costs incurred by the District to evaluate the application.

(iii) Certificate of Registration Refunds: If an application for a Certificate of Registration is withdrawn by the applicant after the engineering evaluation has begun, or withdrawn seven days after the date of receipt, or the application is denied or cancelled, the District will refund the Initial Application Fee, less the \$104 Non-refundable Processing Fee, the Initial Evaluation Fee, and all other costs incurred by the District to evaluate the application.

(iv) Refund Due to Overpayment of T+M or T+RN Initial Evaluation Fees or Additional Engineering Evaluation Fees: If the total cost incurred by the District to evaluate an application for an Authority to Construct/Permit to Operate is less than the Initial Evaluation Fee and/or Additional Engineering Evaluation Fees deposited by the applicant, the District will refund any overage beyond its actual evaluation costs and less the \$104 Non-refundable Processing Fee. This provision does not apply to Initial Evaluation Fees for which a fixed amount is established in the Fee Schedules.

(v) Exempt Equipment Refunds: If the District determines that the article, machine equipment or other contrivance for which the application was submitted is not within the purview of state law or these Rules and Regulations, a full refund of the fees paid will be issued to the applicant. If a request for a determination of exemption is withdrawn by the applicant before the engineering evaluation has begun, the District will refund the entire deposit and any other fees paid. If a request for a determination of

exemption is withdrawn by the applicant after the engineering evaluation has begun, the District will refund the entire deposit and any other fees paid, less any costs incurred by the District to evaluate the request.

(3) Annual Operating Fee Refunds

A refund of the Annual Operating Fees shall not be issued unless the fees for the upcoming year are paid prior to the Permit to Operate renewal date and the request for a refund of these fees is made prior to the Permit to Operate renewal date. No refunds will be made for fees or late payments made after the due date.

(4) Air Contaminant Emissions Fee Refunds

(i) New Facilities: The Air Contaminant Emissions Fee portion of the Initial Application Fee shall only be refunded if the application is withdrawn or cancelled prior to the issuance of a Startup Authorization or Permit to Operate.

(ii) Existing Facilities: Air Contaminant Emissions Fees paid by existing facilities as part of their Annual Operating Fee or an Initial Application Fee shall not be refundable, unless all Permit(s) to Operate at the facility are retired.

(5) Other Fees

Asbestos Notifications: Refunds of asbestos notification fees shall be issued only if a cancellation notice is received by the District prior to the notification start date. A refund will not be issued if the notice of cancellation is received by the District on or after the notification start date.

(6) Cancellation Fees - Source Testing and Test Witnessing

Substitution of another facility for a scheduled test shall be considered a cancellation subject to the provisions listed below.

(i) Fee Schedule 92(a): If a source test cancellation notice is not received at least two working days prior to a scheduled source test date a cancellation fee of \$500 shall be charged.

(ii) Fee Schedules 92(b-z) and 93: If a source test or test witnessing cancellation notice is not received at least two working days prior to a scheduled source test date a cancellation fee of \$250 shall be charged.

(iii) Vapor Recovery (Phase I, II): If a VOC vapor recovery system test witness cancellation notice is not received at least two working days prior to a scheduled test date a cancellation fee of \$250 shall be charged.

(7) Insufficient Payment of Fees

(i) If the fees deposited by an applicant to cover the cost of evaluating an application for an Authority to Construct/Permit to Operate or other District evaluation is insufficient to complete the work in progress, the applicant shall deposit an amount deemed sufficient by the District to complete the work, except if the amount is \$25 or less.

(ii) The Air Pollution Control Officer may cancel an application when an applicant fails or refuses to deposit such amount within 45 days of demand or fails or refuses to deposit such amount by the date required by Rule 18 - Action on Applications for action to be taken on the application, whichever date is sooner.

(iii) If the applicant fails or refuses to deposit such amount upon demand, the District may recover the same through a collection agency or by action in any court of competent jurisdiction, including small claims court. Until such amount is paid in full, the District shall not further process the application unless the Air Pollution Control Officer determines that it is in the best interest of all parties concerned to proceed.

(iv) Returned Checks: Any person who issues a check to the District, which is returned by the bank upon which it is drawn without payment, shall pay a returned check fee of \$25.

(v) The Air Pollution Control Officer may refuse to process an application and/or refuse to renew a Permit to Operate if the applicant has any unpaid invoices more than 60 days overdue or has any late fees or outstanding court judgments which are owed to the District. The Air Pollution Control Officer may refuse to process an application if a prior applicant for the equipment or project which is the subject of the application has unpaid invoices or late fees related to that equipment or project.

In the event that processing of an application is stopped pursuant to this provision, the timelines for taking action on an application specified in Rule 18 - Action on Applications shall no longer apply to that application.

Can and Coil Manufacturing Operations	Schedule 33
Copper Etching.....	Schedule 32
Hot Dip Galvanizing	Schedule 32
Metal Inspection Tanks	Schedule 28
Metal Melting Devices.....	Schedule 18
Oil Quenching and Salt Baths	Schedule 19
Plasma and Electric Deposition Spray Booths.....	Schedule 37
Precious Metals Refining	Schedule 39

MISCELLANEOUS MANUFACTURING AND PROCESSING

Ceramic Slip Casting.....	Schedule 43
Evaporators, Dryers, and Stills Processing Organic Materials	Schedule 44
Feed and Grain Mills and Kelp Processing Plants	Schedule 22
Filtration Membrane Manufacturing.....	Schedule 46
Ink Manufacturing.....	Schedule 38
Kelp and Biogum Products Solvent Dryer.....	Schedule 30
Municipal Waste Storage and Processing	Schedule 48
Non-Operational Status Equipment	Schedule 49
Organic Gas Sterilizers	Schedule 47
Paint, Adhesive, Stain, Ink, Solder Paste, and Dielectric Paste Manufacturing.....	Schedule 38
Perlite Processing	Schedule 41
Pharmaceutical Manufacturing	Schedule 54
Stills Processing Organic Materials	Schedule 44

Categorized List Of Fee Schedules By Emission Unit Type - continued

MIXING, BLENDING AND PACKAGING EQUIPMENT

Concrete Mixers Over One Cubic Yard Capacity	Schedule 8
Dry Chemical Mixing	Schedule 24

OVENS

Burn Out Ovens.....	Schedule 15
---------------------	-------------

SAND, ROCK AND AGGREGATE RELATED OPERATIONS

Rock Drills	Schedule 5
Sand, Rock, Aggregate Screens, and Other Screening Operations	Schedule 6
Sand, Rock, and Aggregate Plants	Schedule 7

SOLVENT CLEANING OPERATIONS

Cold Solvent and Remote Reservoir Cleaning Operations	Schedule 28
Dry Cleaning Facilities	Schedule 31
Vapor Solvent Cleaning Operations.....	Schedule 28

SPRAY BOOTH OPERATIONS

Coating, Adhesives and Painting Operations.....	Schedule 27
Plasma, Electric and Ceramic Deposition Spray Booths	Schedule 37

STORAGE AND TRANSFER EQUIPMENT

Bulk Flour and Powdered Sugar Storage Systems.....	Schedule 35
Bulk Plants and Terminals (Volatile Organic Compounds).....	Schedule 25
Bulk Terminal Grain Transfer and Storage Facility Equipment	Schedule 23
Dry Chemical Storage Systems.....	Schedule 35
Dry Chemical Transfer and Storage Facility Equipment	Schedule 23

TREATMENT AND REMEDIATION OPERATIONS

Air Stripping Equipment.....	Schedule 52
Asbestos Control Equipment.....	Schedule 59
Evaporators, Dryers, and Stills Processing Organic Materials	Schedule 44
Industrial Waste Water Treatment	Schedule 51
Sewage Treatment Facilities	Schedule 56
Soil Remediation Equipment	Schedule 52

FEE SCHEDULES

The Fee Schedules shall be used in determining the Initial Evaluation Fees and Emission Unit Renewal Fees using the amounts listed in Columns (1) and (2) respectively for each emission unit. The fees specified below do not include all applicable fees. See Sections (c), (d), (e), (f), (g), (h), and (i) for other required fees.

SCHEDULE 1: Abrasive Blasting Equipment Excluding Rooms and Booths

Any permit unit consisting of air hoses, with or without water lines, with a single pot rated at 100 pounds capacity or more of sand regardless of abrasive used, and a nozzle or nozzles. (Equipment not operated solely in Schedule 2 facilities).

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Pot 100 pounds capacity or larger with no Peripheral Equipment	\$595	\$261
(b) Each Pot 100 pounds capacity or larger loaded Pneumatically or from Storage Hoppers	\$1334	\$238
(c) Each Bulk Abrasive Blasting Material Storage System	\$1728	\$216
(d) Each Spent Abrasive Handling System	\$1334	\$191
(x) Each Portable Abrasive Blasting Unit, Registered Under Rule 12.1	\$410	\$160

SCHEDULE 2: Abrasive Blasting Cabinets, Rooms and Booths

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Abrasive Blasting Cabinet, Room or Booth	\$3563	\$334
(b) Each Cabinet, Room, or Booth with an Abrasive Transfer or Recycle System	\$4117	\$362

SCHEDULE 3: Asphalt Roofing Kettles and Tankers used to Store, Heat, Transport, and Transfer Hot Asphalt

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Kettle or Tanker with capacity greater than 85 gallons	\$1062	\$240
(w) Each Kettle or Tanker, Registered Under Rule 12	\$276	\$158

SCHEDULE 4: Hot-Mix Asphalt Paving Batch Plant

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Hot-Mix Asphalt Paving Batch Plant	T+RN	\$1130

SCHEDULE 5: Rock Drills

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(w) Each Drill, Registered Under Rule 12	\$464	\$150

**SCHEDULE 6: Sand, Rock, Aggregate Screens, and Other Screening Operations,
when not used in Conjunction with other Permit Items in these Schedules**

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Screen Set	\$3338	\$432
(x) Each Portable Sand and Gravel Screen Set, Registered Under Rule 12.1	\$477	\$275

SCHEDULE 7: Sand, Rock, and Aggregate Plants

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Crusher System (involves one or more primary crushers forming a primary crushing system or, one or more secondary crushers forming a secondary crusher system and each serving a single process line)	T+RN	\$637
(b) Each Screening System (involves all screens serving a given primary or secondary crusher system)	T+RN	\$224
(c) Each Loadout System (a loadout system is a set of conveyors chutes and hoppers used to load any single rail or road delivery container at any one time)	T+RN	\$253
(x) Each Portable Rock Crushing System, Registered Under Rule 12.1	\$477	\$246

**SCHEDULE 8: Concrete Batch Plants, Concrete Mixers over One Cubic Yard Capacity
and Separate Cement Silo Systems**

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Concrete Batch Plant (including Cement-Treated Base Plants)	T+RN	\$515
(b) Each Mixer over one cubic yard capacity	T+RN	\$312
(c) Each Cement or Fly Ash Silo System not part of another system requiring a Permit	T+RN	\$322
(d) Expo Builders Supply (ID #APCD1976-SITE-00634)*	T+RN	\$702
(x) Each Portable Concrete Batch Plant, Registered Under Rule 12.1	\$528	\$238

*Pursuant to Subsection (c)(3)

SCHEDULE 9: Concrete Product Manufacturing Plants

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Plant	T+RN	\$365

SCHEDULE 10: RESERVED**SCHEDULE 11: RESERVED****SCHEDULE 12: RESERVED****SCHEDULE 13: Boilers and Heaters**

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each 1 MM BTU/HR up to but not including 50 MM BTU/HR input	\$2306	\$330
(b) Each 50 MM BTU/HR up to but not including 250 MM BTU/HR	T+RN	\$665
(c) RESERVED		
(d) Each 100 Megawatt output or greater (based on an average boiler efficiency of 32.5%)	T+RN	\$703
(e) RESERVED		
(f) Each 1 MM BTU/HR up to but not including 50 MM BTU/HR input at a single site where more than 5 such units are located	\$2230	\$180
(g) Each 250 MM BTU/HR up to 1050 MM BTU/HR input or up to but not including 100 Megawatt gross output, whichever is greater, where a Notice of Intention has been filed with the California Energy Commission	T+RN	T+M
(h) Each 100 Megawatt gross output or greater where a Notice of Intention has been filed with the California Energy Commission	T+RN	T+M

SCHEDULE 14: Non-Municipal Incinerators

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Crematory or waste incinerator burning capacity up to and including 100 lbs/hr*	T+RN	\$501
(b) Crematory or waste incinerator burning capacity greater than 100 lbs/hr	T+RN	\$1958
(c) Burning capacity up to and including 50 lbs/hr used exclusively for the incineration or cremation of animals	T+RN	\$199

*Excluding units of 50 lbs/hr capacity or less used exclusively for incineration or cremation of animals.

SCHEDULE 15: Burn-Out Ovens

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Electric Motor/Armature Refurbishing Oven	T+RN	\$254
(b) RESERVED		
(c) Each IC Engine Parts Refurbishing Unit	T+RN	\$444
(d) USN SIMA (ID #APCD1981-SITE-02798)*	T+RN	\$325

*Pursuant to Subsection (c)(3)

SCHEDULE 16: RESERVED**SCHEDULE 17: RESERVED****SCHEDULE 18: Metal Melting Devices**

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) RESERVED		
(b) RESERVED		
(c) Each Pit or Stationary Crucible	T+RN	\$481
(d) Each Pot Furnace	\$2547	\$333

SCHEDULE 19: Oil Quenching and Salt Baths

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Tank	T+RN	\$224

SCHEDULE 20: Gas Turbine Engines, Test Cells and Test Stands

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
GAS TURBINE, TURBOSHAFT, TURBOJET AND TURBOFAN ENGINE TEST CELLS AND STANDS		
(a) Each Aircraft Propulsion Turbine, Turboshift, Turbojet or Turbofan Engine Test Cell or Stand	T+RN	\$471
(b) Each Aircraft Propulsion Test Cell or Stand at a facility where more than one such unit is located	T+RN	\$354
(c) Each Non-Aircraft Turbine Test Cell or Stand	T+RN	\$344
GAS TURBINE ENGINES		
(d) Each Non-Aircraft Turbine Engine 1 MM BTU/HR up to but not including 50 MM BTU/HR input	T+RN	\$868
(e) Each Non-Aircraft Turbine Engine 50 MM BTU/HR up to but not including 250 MM BTU/HR input	T+RN	\$1732
(f) Each Non-Aircraft Turbine Engine 250 MM BTU/HR or greater input	T+RN	\$3020
(g) Each Unit used solely for Peak Load Electric Generation	T+RN	\$511
(h) Each Standby Gas Turbine used for Emergency Power Generation	T+RN	\$258

SCHEDULE 21: Waste Disposal and Reclamation Units

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Paper or Wood Shredder or Hammermill Grinder	T+RN	\$330

SCHEDULE 22: Feed and Grain Mills and Kelp Processing Plants

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Receiving System (includes Silos)	T+RN	\$330
(b) Each Grinder, Cracker, or Roll Mill	T+RN	\$338
(c) Each Shaker Stack, Screen Set, Pelletizer System, Grain Cleaner, or Hammermill	T+RN	\$267
(d) Each Mixer System	T+RN	\$842
(e) Each Truck or Rail Loading System	T+RN	\$83
(f) CP Kelco: Shaker, Screen, Pelletizer, Cleaner, Hammermill (ID #APCD1976-SITE-00116)*	T+RN	\$215

*Pursuant to Subsection (c)(3)

SCHEDULE 23: Bulk Terminal Grain and Dry Chemical Transfer and Storage Facility Equipment

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Receiving System (Railroad, Ship and Truck Unloading)	T+RN	\$572
(b) Each Storage Silo System	\$1446	\$295
(c) Each Loadout Station System	T+RN	\$256
(d) Each Belt Transfer Station	T+RN	\$256

SCHEDULE 24: Dry Chemical Mixing

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) RESERVED		
(b) RESERVED		
(c) Each Dry Chemical Mixer with capacity over one-half cubic yard	T+RN	\$433

SCHEDULE 25: Volatile Organic Compound Terminals, Bulk Plants and Intermediate Refueler Facilities

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
1. Bulk Plants and Bulk Terminals equipped with or proposed to be equipped with a vapor processor:		
(a) Per Tank	T+RN	\$370
(b) Tank Rim Seal Replacement	T+RN	N/A
(c) Per Truck Loading Head	T+RN	\$1197
(d) Per Vapor Processor	T+RN	\$388
(g) NAVY REGION SW (ID#APCD1980-SITE-02754)*	T+RN	\$669

*Pursuant to Subsection (c)(3)

SCHEDULE 25: Volatile Organic Compound Terminals, Bulk Plants and Intermediate Refueler Facilities – continued

2. Bulk Plants not equipped with or not proposed to be equipped with a vapor processor:
 - (e) Per Tank T+RN \$367
 - (f) Per Truck Loading Head T+RN \$296

“Vapor Processor” means a device which recovers or transforms volatile organic compounds by condensation, refrigeration, adsorption, absorption, incineration, or any combination thereof.
3. Facilities fueling intermediate refuelers (IR’s) for subsequent fueling of motor vehicles, boats, or aircraft:
 - (h) Per IR Loading Connector T+RN \$377

If a facility falls into Parts 1, 2, or 3 above and is equipped with dispensing nozzles for which Phase II vapor controls are required, additional fees equivalent to the “per nozzle” fees for Schedule 26(a) shall be assessed for each dispensing nozzle.

**SCHEDULE 26: Non-Bulk Volatile Organic Compound Dispensing Facilities
Subject to District Rules 61.0 through 61.6**

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Facilities where Phase I and Phase II controls are required (includes Phase I fee) Renewal Fee: Fee x number of nozzles	\$2326 +RN	\$173
(b) RESERVED		
(c) Facilities where only Phase I controls are required (includes tank replacement) Fee Per Facility	\$2162	\$541
(d) RESERVED		
(e) Non-retail facilities with 260-550 gallon tanks and no other non-bulk gasoline dispensing permits Fee Per Facility	\$673	\$480

SCHEDULE 27: Application of Materials Containing Organic Solvents (includes coatings, adhesives, and other materials containing volatile organic compounds (VOC))

PART 1 - MARINE COATINGS

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Marine Coating application operation, except where Fee Schedule 27(t) applies	\$2568	\$761
(b) RESERVED		
(c) RESERVED		
(t) Each Marine Coating application operation at facilities where combined coating and cleaning solvent usage is < 3 gallons/day and < 100 gallons/year	\$1156	\$632
(x) RESERVED		
(y) RESERVED		
(z) NASSCO (ID #APCD1976-SITE-00145)*	T+RN	\$970

*Pursuant to Subsection (c)(3)

SCHEDULE 27: Application of Materials Containing Organic Solvents (includes coatings, adhesives, and other materials containing volatile organic compounds (VOC)) – continued

PART 2 - INDUSTRIAL MATERIAL APPLICATIONS AND MANUFACTURING

(Includes application stations for coatings such as paint spraying and dip tanks, printing, and manufacturing products with materials which contain VOCs, etc.)

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(d) Each Surface Coating Application Station w/o control equipment and not covered by other fee schedules at facilities using > 1 gallon/day of surface coatings and emitting ≤ 5 tons/year of VOC from equipment in this fee schedule	\$2212	\$532
(e) Each Surface Coating Application Station w/o control equipment and not covered by other fee schedules at facilities emitting > 5 tons/year of VOC from equipment in this fee schedule	T+RN	\$547
(f) Each Fiberglass, Plastic or Foam Product Process Line	\$3532	\$610
(g) RESERVED		
(h) RESERVED		
(i) Each Surface Coating Application Station requiring Control Equipment	T+RN	\$785
(j) Each Surface Coating Application Station subject to Rule 67.3 or 67.9 w/o Control Equipment at facilities emitting ≤ 5 tons/year of VOC from equipment in this fee schedule	\$4782	\$607
(k) Each Surface Coating Application Station subject to Rule 67.3 or 67.9 w/o Control Equipment at facilities emitting > 5 tons/year of VOC from equipment in this fee schedule	T+RN	\$753
(l) Each Wood Products Coating Application Station w/o Control Equipment at facilities using > 500 gallons/year of wood products coatings and emitting ≤ 5 tons/year of VOC from Wood Products Coating Operations	\$3284	\$699
(m) Each Wood Products Coating Application Station w/o Control Equipment at facilities emitting > 5 tons/ year of VOC from Wood Products Coating Operations	\$2874	\$881
(n) Each Press or Operation at a Printing or Graphic Arts facility subject to Rule 67.16	\$1784	\$377
(o) RESERVED		
(p) Each Surface Coating Application Station w/o control equipment (except automotive painting) where combined coating, and cleaning solvent usage is < 1 gallon/day or < 50 gallons/year	\$2212	\$394
(q) Each Wood Products Coating Application Station of coatings and stripper w/o control equipment at a facility using < 500 gallons/year for Wood Products Coating Operations	\$3284	\$637

PART 3 – MOTOR VEHICLE AND MOBILE EQUIPMENT REFINISHING OPERATIONS

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(r) Each facility applying Coating Materials subject to Rule 67.20 (as applied or sprayed)	\$2763	\$856
(s) RESERVED		

SCHEDULE 27: Application of Materials Containing Organic Solvents (includes coatings, adhesives, and other materials containing volatile organic compounds (VOC)) – continued

PART 4 - ADHESIVE MATERIALS APPLICATION OPERATIONS

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(u) Each Adhesive Materials Application Station w/o control equipment at facilities emitting ≤ 5 tons/year of VOC from equipment in this fee schedule	\$1734	\$433
(v) Each Adhesive Materials Application Station w/o control equipment at facilities emitting > 5 tons/year of VOC from equipment in this fee schedule	\$1734	\$862
(w) Each Adhesive Materials Application Station w/o control equipment where adhesive materials usage is < 55 gallons/year	\$1734	\$555

SCHEDULE 28: Vapor and Cold Solvent Cleaning Operations and Metal Inspection Tanks

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Vapor Degreaser with an Air Vapor Interfacial area > 5 square feet	T+RN	\$401
(b) Each Cold Solvent Degreaser with liquid surface area > 5 square feet	\$1527	\$319
(c) RESERVED		
(d) Each Paint Stripping Tank	\$1929	\$327
(e) RESERVED		
(f) Remote Reservoir Cleaners	\$676	\$294
(g) RESERVED		
(h) Vapor Degreaser with an Air-Vapor Interfacial area ≤ 5 square feet	\$589	\$313
(i) Cold Solvent Degreaser with a liquid surface area ≤ 5 square feet	\$434	\$281
(j) Metal Inspection Tanks	\$1190	\$262
(k) Contract Service Remote Reservoir Cleaners with > 100 units	T+RN	\$29
(l) Contract Service Cold Degreasers with a liquid surface area of ≤ 5 square feet	T+RN	\$12
(m) Each facility-wide Solvent Application Operation	T+RN	T+M

SCHEDULE 29: Automated Soldering Equipment

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Solder Leveler	\$2685	\$335

SCHEDULE 30: Solvent and Extract Dryers

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Kelp and Biogum Products Solvent Dryer	T+RN	\$1813

SCHEDULE 31: Dry Cleaning Facilities

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Facility using Halogenated Hydrocarbon Solvents required to install Control Equipment	\$1220	\$589
(b) Each Facility using Petroleum Based Solvents	T+RN	\$375

SCHEDULE 32: Acid Chemical Milling, Copper Etching and Hot Dip Galvanizing

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Copper Etching Tank	T+RN	\$530
(b) Each Acid Chemical Milling Tank	T+RN	\$460
(c) Each Hot Dip Galvanizing Tank	T+RN	\$367

SCHEDULE 33: Can and Coil Manufacturing and Coating Operations

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) RESERVED		

SCHEDULE 34: Piston Type Internal Combustion Engines

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Cogeneration Engine with in-stack Emission Controls	T+RN	\$690
(b) Each Cogeneration Engine with Engine Design Emission Controls	T+RN	\$699
(c) Each Emergency Standby Engine (for electrical or fuel interruptions beyond control of Permittee)	\$2938	\$334
(d) Each Engine for Non-Emergency and Non-Cogeneration Operation	T+RN	\$492
(e) Each Grouping of Engines for Dredging or Crane Operation with total engine horsepower > 200 HP	T+RN	\$484
(f) Each Diesel Pile-Driving Hammer	T+RN	\$214
(g) Each Engine for Non-Emergency and Non-Cogeneration Operation < 200 horsepower	\$2407	\$355
(h) Each California Certified Emergency Standby Engine (for electrical or fuel interruptions beyond control of Permittee)	\$2138	\$334
(i) Each Internal Combustion Engine Test Cell and Test Stand	T+RN	\$883
(w) Each Specified Eligible Engine, Registered Under Rule 12	\$313	\$198
(x) Each Specified Eligible Portable Engine, Registered Under Rule 12.1	\$515	\$201
(z) Each Specified Eligible Engine, Registered Under Rule 12, Conversion from Valid Permit	\$343	N/A

SCHEDULE 35: Bulk Flour, Powdered Sugar and Dry Chemical Storage Systems

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each System	T+RN	\$368

SCHEDULE 36: Grinding Booths and Rooms

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Booth or Room	\$2138	\$350

SCHEDULE 37: Plasma Electric and Ceramic Deposition Spray Booths

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Application Station	T+RN	\$677
(c) Flame Spray (ID #APCD1976-SITE-00274)*	T+RN	\$622

*Pursuant to Subsection (c)(3)

SCHEDULE 38: Paint, Adhesive, Stain, Ink, Solder Paste, and Dielectric Paste Manufacturing

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Process Line for Paint, Adhesive, Stain, or Ink Manufacturing at facilities producing > 10,000 gallons per year	T+RN	\$237
(b) Each Can Filling Line	T+RN	\$357
(c) Each Process Line for Solder Paste or Dielectric Paste Manufacturing	T+RN	\$456
(d) Each Paint, Adhesive, Stain or Ink Manufacturing facility producing <10,000 gallons per year	T+RN	\$795
(f) Ferro Electronic Material Systems (ID #APCD2001-SITE-04439)*	T+RN	\$539

*Pursuant to Subsection (c)(3)

SCHEDULE 39: Precious Metals Refining

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Process Line	T+RN	\$282

SCHEDULE 40: Asphalt Pavement Heaters/Recyclers

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(x) Each Portable Unheated Pavement Crushing and Recycling System, Registration Under Rule 12.1	\$545	\$172

SCHEDULE 41: Perlite Processing

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Process Line	T+RN	\$606
(b) Aztec Perlite (ID #APCD1978-SITE-01598)*	T+RN	\$773

*Pursuant to Subsection (c)(3)

SCHEDULE 42: Electronic Component Manufacturing

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Process Line	T+RN	\$1002
(b) Each Screen Printing Operation	T+RN	\$448
(c) Each Coating/Maskant Application Operation, excluding Conformal Operation	T+RN	\$432
(d) Each Conformal Coating Operation	T+RN	\$574

SCHEDULE 43: Ceramic Slip Casting

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Process Line	T+RN	\$535

SCHEDULE 44: Evaporators, Dryers, & Stills Processing Organic Materials

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Evaporators and Dryers [other than those referenced in Fee Schedule 30 (a)] processing materials containing volatile organic compounds	T+RN	\$364
(b) Solvent Recovery Stills, on-site, batch-type, solvent usage > 350 gallons per day	\$1963	\$345

SCHEDULE 45: RESERVED**SCHEDULE 46: Filtration Membrane Manufacturing**

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Process Line	T+RN	\$576

SCHEDULE 47: Organic Gas Sterilizers

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Organic Gas Sterilizer requiring control	T+RN	\$572
(b) Each Stand Alone Organic Gas Aerator requiring control	T+RN	T+M

SCHEDULE 48: Municipal Waste Storage and Processing

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Waste Disposal Site not equipped with Emission Collection and Control System	T+RN	\$3212
(b) RESERVED		
(c) Each Waste Disposal Site/Landfill equipped with Emission Collection and Control System(s)	T+RN	\$4351

SCHEDULE 49: Non-Operational Status Equipment

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Non-Operational Status Equipment	\$206	\$252
(b) Activating Non-Operational Status Equipment	\$185	N/A

SCHEDULE 50: Coffee Roasters

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Coffee Roaster	\$2632	\$418

SCHEDULE 51: Industrial Waste Water Treatment

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each On-site Processing Line	\$2235	\$491
(b) RESERVED		
(c) USN Air Station NORIS Public Works (ID #APCD1986-SITE-02755)*	T+RN	\$697

*Pursuant to Subsection (c)(3)

SCHEDULE 52: Air Stripping and Soil Remediation Equipment

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Air Stripping Equipment	T+RN	\$622
(b) Soil Remediation Equipment - On-site (In situ Only)	T+RN	\$784

SCHEDULE 53: RESERVED**SCHEDULE 54: Pharmaceutical Manufacturing**

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Pharmaceutical Manufacturing Process Line	T+RN	\$659

SCHEDULE 55: Hexavalent Chromium Plating and Anodizing Tanks

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Hard or Decorative Chrome Plating and/or Anodizing Tank or Group of Tanks Served by an Emission Control System	T+RN	\$1656
(b) Each Decorative Plating Tank without Add-on Emission Controls	T+RN	\$518

SCHEDULE 56: Sewage Treatment Facilities

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Wastewater Treatment Facility, or Each Water Reclamation Facility	T+RN	\$1473
(b) Each Wastewater Pump Station	T+RN	\$673

SCHEDULE 57: RESERVED**SCHEDULE 58: Bakeries**

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Bakery Ovens at Facilities with Emission Controls Pursuant to Rule 67.24	T+RN	\$561

SCHEDULE 59: Asbestos Control Equipment

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) RESERVED		
(b) RESERVED		
(c) Portable Asbestos Mastic Removal Application Station	\$1630	\$338

SCHEDULES 60 THROUGH 90 RESERVED**SCHEDULE 91: Miscellaneous - Hourly Rates**

The evaluation fee for an application for an Authority to Construct/Permit to Operate for equipment/processes not specified in the Fee Schedules shall be based on the actual costs incurred by the District for evaluating the application and an estimated Emission Unit Renewal Fee which will cover the costs related to an annual compliance inspection of the equipment. The applicant shall deposit the amount estimated to cover the actual cost of evaluation and the estimated renewal fee at the time of application submittal.

SCHEDULE 92: Source Testing Performed by the District

The owner or operator of an emission unit which requires source testing to determine compliance shall pay the applicable source test fee(s) listed below if the source testing is performed by the District or a District contractor. If the source test requires significantly more on-site time than is provided by the fixed fees specified below (e.g. tall stacks), the additional costs incurred by the District shall be determined using the labor rates specified in Schedule 94 and related material and other costs. The owner or operator shall pay such fees upon notification from the District that such fees are required.

<u>Fee Unit</u>	<u>Fee</u>
(a) Each Particulate Matter Source Test	\$7523
(b) Annual Fee for each 5-Year Test Cycle for Incinerator Particulate Matter Source Test with Waste Burning Capacity of < 100 lbs Per Hour	\$1635
(c) Each Sulfur Oxides Source Test	T+M
(d) Annual Fee for each Biennial Cycle Test for NOx and CO (1/2 the cost of one test)	\$1254
(e) Each Ethylene Oxide Source Test	T+M
(f) Each Carbon Monoxide and Nitrogen Oxides Source Test	\$2508
(g) Each Nitrogen Oxides Source Test	\$2454
(h) Each Incinerator Particulate Matter Source Test with Waste Burning Capacity of > 100 lbs Per Hour	T+M
(i) Each Ammonia Source Test	\$1255
(j) Continuous Emission Monitor System Evaluation	T+M
(k) Incinerator Particulate Matter Source Test with Waste Burning Capacity of < 100 lbs Per Hour	T+M
(l) RESERVED	
(m) Each Mass Emissions Source Test	T+M
(n) RESERVED	
(o) Each Multiple Metals Source Test	T+M
(p) Each Chromium Source Test	T+M
(q) Each VOC Onsite Analysis	\$4525
(r) Each VOC Offsite Analysis	\$819
(s) Each Hydrogen Sulfide Source Test	T+M
(t) Each Acid Gas Source Test	T+M
(u) Annual Fee for each 5-Year Test Cycle for Particulate Matter Source Testing at Perlite Plants, (1/5 the cost of one test)	\$1788
(v) Annual Fee for Optional Source Test Pilot Study	T+M
(z) Miscellaneous Source Test (Special Tests not Listed)	T+M

SCHEDULE 93: Witness of Source Tests Performed by Independent Contractors

The owner or operator of an emission unit which requires source testing to determine compliance for the purpose of quantifying emissions to determine whether a Permit to Operate shall be issued or if the emission unit is in compliance, and chooses to have the testing performed by an independent contractor, shall pay the actual T+M costs incurred by the District to observe such testing and review the resulting source test report.

Any person, company, agency that requests review of a test procedure shall pay the actual T+M costs incurred by the District to review such test procedures. Such requests shall be accompanied by an amount estimated to cover actual District costs.

<u>Fee Unit</u>	<u>Fee</u>
(a) Test Witness and Report Review	T+M
(b) RESERVED	
(c) Test Procedure Review	T+M
(d) Each VOC Bulk Terminal Test Witness	\$2181
(e) Each Ethylene Oxide Test Witness Day	\$1800

SCHEDULE 94: Time and Material (T+M) Labor Rates

<u>Employee Classification (Fee Unit)</u>	<u>Hourly Rate</u>
Air Pollution Test Technician (94m)	\$84
Air Quality Inspector I (94o)	\$107
Air Quality Inspector II (94e)	\$151
Air Quality Inspector III (94f)	\$179
Air Quality Specialist (94z)	\$88
Assistant Air Resources Specialist (94s)	\$116
Assistant Chemist (94i)	\$100
Assistant Engineer (94b)	\$129
Assistant Meteorologist (94g)	\$88
Associate Air Resources Specialist (94q)	\$148
Associate Chemist (94j)	\$109
Associate Engineer (94c)	\$168
Associate Meteorologist (94r)	\$102
Instrument Technician I (94l)	\$74
Instrument Technician II (94n)	\$84
Junior Chemist (94v)	\$81
Junior Engineer (94a)	\$101
Senior Chemist (94k)	\$111
Senior Engineer (94d)	\$203
Senior Meteorologist (94h)	\$100
Supervising Instrument Technician (94t)	\$99
Supervising Air Resource Specialist (94y)	\$109

SCHEDULE 95: Sampling and Analysis

When the District determines a sample and/or analysis is needed for the purpose of determining potential emissions and/or determining compliance with District Rules and Regulations, the actual T+M costs incurred by the District for collection and analysis of samples, including preparing the reports, shall be paid by the permittee, applicant or other persons for activities for which a Permit is not required.

SCHEDULE 96: Additional Costs Incurred by the District for Sources Not in Compliance

Whenever the District is requested or required to provide consultation, testing or inspection to any person or facility, beyond the consultation testing and inspection covered by the permit fees, or related to a Notice of Violation and/or Notice to Comply, the person or facility shall pay the actual T+M costs incurred by the District for the cost of such services.

SCHEDULE 97: Other Charges

Whenever the District is requested or required to provide consultation, legally required testimony, testing, inspection, engineering or services, the cost of such services shall be determined using the labor rates specified in Fee Schedule 94. Persons requesting and/or receiving such services shall be charged the estimated cost of providing such services and shall deposit such amount to the District in advance of the service, unless prior arrangements for payment have been approved by the District. In the case of consultations requested prior to filing an application, any funds deposited in excess of actual costs incurred for such consultations shall be refunded or applied as a credit against required application fees.

2. Proposed amended Rule 42 is to read as follows:

RULE 42. HEARING BOARD FEES (Adopted *(date of adoption)* & Effective July 1, 2017)

(a) This rule shall not apply to petitions filed by the Air Pollution Control Officer.

(b) Every petitioner in a proceeding before the Hearing Board shall pay to the Clerk of the Hearing Board, on filing, a filing fee for each petition, including each petition for rehearing, in the amount shown below:

- (1) For each petition for Regular Variance.....\$983
- (2) For each petition for an Interim & Regular Variance.....\$1234
- (3) For each petition for 90-Day Variance.....\$951

- (4) For each petition for an Emergency Variance pursuant to the provisions of Rule 97 – Emergency Variance or Rule 98 – Breakdown Conditions-
Emergency Variance\$560
- (5) For each petition filed pursuant to Rule 25 – Appeals.....\$1679
- (6) For each petition to modify an existing variance or abatement order.....\$951

(c) In the event that a petition is withdrawn or a hearing is not held for any reason, the petitioner shall be entitled to a refund of the filing fee, less the actual costs incurred.

(d) The Hearing Board may waive all or part of the fees specified in Subsection (b)(5) if it determines that circumstances warrant that waiver. Any request for such a waiver shall be submitted with the petition, which may be submitted without the required fees. If the waiver request is denied by the Hearing Board, the required fees shall be submitted by the end of business day following the hearing on the waiver request.

IT IS FURTHER RESOLVED AND ORDERED that the proposed amendments to Rule 40 and Rule 42 of Regulation III shall take effect on July 1, 2017.

APPROVED AS TO FORM AND LEGALITY
COUNTY COUNSEL

BY: PAULA FORBIS, SENIOR DEPUTY

ON MOTION of Member Roberts, seconded by Member Horn, the foregoing Resolution was passed and adopted by the Air Pollution Control District, County of San Diego, State of California, on this 15th day of March, 2017, by the following vote:

AYES: Cox, Jacob, Gaspar, R. Roberts, Horn

- - -

STATE OF CALIFORNIA)
County of San Diego)^{SS}

I hereby certify that the foregoing is a full, true and correct copy of the Original Resolution entered in the Minutes of the San Diego County Air Pollution Control Board.

DAVID HALL
Clerk of the Air Pollution Control Board

By: _____

Elizabeth Miller, Deputy

Resolution No. 17-030
Meeting Date: 03/15/2017 (AP1)

REGULATION III: FEES

RULE 40. PERMIT AND OTHER FEES (Adopted December 7, 2011; Eff. January 1, 2012
Adopted (date of adoption) & Eff. April July 1, 2017)

RULE 40. PERMIT AND OTHER FEES

(a) APPLICABILITY

(1) Notwithstanding any other provision of these rules, this rule shall be used to determine all fees charged by the Air Pollution Control District (District), as authorized by the Air Pollution Control Board, except for those specified in Rule 42 - Hearing Board Fees. These include, but are not limited to, fees for: applications, permits, portable equipment registrations, renewals, source testing, asbestos demolition or renovation ~~operation plans notifications~~, cooling towers, emergency episode plans, grid searches, technical consultations, new or modified power plants, Toxic Hot Spots, Title V Operating Permits, and Synthetic Minor Source Permits, and Certificates of Exemption, and reviews, analyses, documents and procedures required or requested pursuant to the California Environmental Quality Act (CEQA).

(2) This rule shall be used to determine refunds, forfeitures and insufficient payment of fees, if applicable.

(b) DEFINITIONS

The following definitions shall apply for terms used in this rule:

(1) **“Annual Operating Fee”** means all fees related to a permit that are paid on an annual basis. These include, but are not limited to, the following: Site Identification (ID) Processing and Handling Fee, Permit Processing Fee, Emission Unit Renewal Fee, Air Contaminant Emissions Fee, District and State Air Toxic Hot Spots Fee, and Annual Source Test Fee.

(2) **“Applicant”** means the owner of the emission unit or operation, or an agent specified by the owner.

~~(3) **“District”** means the San Diego County Air Pollution Control District.~~

~~(4) **“Emission Unit”** means any article, machine, equipment, contrivance, process or process line, which emit(s) or reduce(s) or may emit or reduce the emission of any air contaminant.~~

~~(5) **“Facility”** means the same as “Stationary Source.”~~

~~(63) **“Initial Evaluation Application Fee”** means the all fees related to an application, listed in Column (1) of the Fee Schedules, Non-refundable Processing Fee and all other estimated applicable fees such as for Rule 20.2 and Rule 1200 compliance reviews. These include, but are not limited to, a Non-refundable Processing Fee, Initial Evaluation Fee, Air Contaminant Emissions Fee, and if applicable, an Additional Engineering Evaluation Fee and/or Source Test Fee.~~

~~(74) **“Location”** means the same as “Stationary Source” as defined in Rule 2.~~

~~(8) “Permit to Operate” or “permit” means any District authority to operate, such as a Permit to Operate, Certificate of Registration, Certificate of Exemption or Synthetic Minor Source permit, unless otherwise specified.~~

(5) “Permit to Operate” or “permit” means any District authority to operate, such as a Permit to Operate, Certificate of Registration, Title V or Synthetic Minor Source permit, unless otherwise specified.

~~(9) “Stationary Source” means an emission unit or aggregation of emission units which are located on the same or contiguous properties and which units are under common ownership or entitlement to use.~~

~~(1056)~~ “T+M” means time and material costs.

~~(1167)~~ “T+RN” means time and material costs plus renewal fees.

~~(1278)~~ “Valid Permit or Valid Authority to Construct” means a Permit or Authority to Construct for which all fees are current.

All other terms mean the same as defined in Rule 2 – Definitions unless otherwise defined by an applicable rule or regulation.

(c) GENERAL PROVISIONS

(1) No application shall be considered received unless accompanied by the completed application and associated supplemental forms (if available) and the appropriate Initial Evaluation Fees.

(2) All time and material (T+M) and time and renewal (T+RN) costs shall be determined using the labor rates specified in Fee Schedule 94.

~~(3) A fee of \$11 shall be charged for a duplicate of a Permit to Operate, Certificate of Registration or Certificate of Exemption.~~

(43) If the Air Pollution Control Officer determines that the activities of any one company would cause an increase of at least 10 percent in any one Emission Unit Fee Schedule, the Air Pollution Control Officer may delete the costs attributed to that company from the cost data used to determine that type of Emission Unit Fee Schedule. The costs from such a company shall be recovered by development of a source-specific Emission Unit Fee Schedule. The specific Emission Unit Fee Schedules shall be submitted to the Air Pollution Control Board for consideration and adoption.

(54) If the Air Pollution Control Officer determines that a person has under-reported material usage, emissions or other information necessary for calculating an emissions inventory, and such under-reporting has led to an Air Contaminant Emissions Fee less than what would have been due if correct usage, emissions or other information had been reported, then the person shall pay the difference between the original and corrected Air

Contaminant Emissions Fee plus a charge equal to 30 percent of the difference. Such charge shall not apply if the permittee demonstrates to the Air Pollution Control Officer's satisfaction that the under-reporting was the result of inadvertent error or omission which the permittee took all reasonable steps to avoid. Required fees not paid within 30 days of the due date shall be assessed a late fee in the amount prescribed in Section (g).

(5) Credit card payments for fees will be assessed a processing fee of 2.2% of the amount paid by credit card. This processing fee covers only costs assessed to the District by credit card providers. Payments made using the online application submittal system will not be assessed a processing fee but will be subject to fees charged by the online submittal system vendor for the service. These convenience fees are not remitted to the District.

(d) AUTHORITY TO CONSTRUCT AND PERMIT TO OPERATE FEES

(1) General Provisions

(i) Every applicant for an Authority to Construct/Permit to Operate for any article, machine, equipment or other contrivance shall pay the applicable fees as specified in Section (d) for each emission unit.

(ii) A ~~\$95~~ \$104 Non-refundable Processing Fee shall be submitted with each application for an Authority to Construct/Permit to Operate, Change of Location, Change to an Existing Permit Unit, Like-Kind Replacement, Title V, Synthetic ~~Minor~~, or Banking Emission Reduction Credits. This fee does not apply to applications for a Change of Ownership, Identical Replacement, or Fee Schedules 49A(a) or 49B(b).

(iii) When additional evaluation fees are required, the applicant shall deposit the amount estimated to cover the evaluation costs upon receipt of such an invoice. The District may stop work on the application until the invoiced amount is fully paid.

(iv) Initial Evaluation Fees and Emission Unit Renewal Fees shall be determined using the amounts listed in Columns (1) and (2) respectively, of the Fee Schedules provided within this rule.

~~(v) Credit card payments for fees will be assessed a processing fee of 2.2% of the amount paid by credit card. This processing fee covers only costs assessed to the District by credit card providers.~~

~~(vi) Commencing July 1, 2007, and continuing through June 30, 2012, the fees for each application shall include, in addition to the other fees specified in this rule, a Database Replacement Supplemental Fee of \$13 per application plus \$3 per ton of emissions where the Air Contaminant Emissions Fee applies. This fee shall be non-refundable.~~

(2) Initial Application Fees for an Authority to Construct/Permit to Operate

The Initial Application Fees for an Authority to Construct/Permit to Operate application shall include a Non-refundable Processing Fee, ~~Database Replacement Supplemental Fee~~, Initial Evaluation Fee, Air Contaminant Emissions Fee, and if applicable, an Additional Engineering Evaluation Fee and/or Source Test Fee.

Calculation Worksheet for Initial Application Fees

Non-refundable Processing Fee	\$95 <u>\$104</u>
Database Replacement Supplemental Fee	\$13+ \$3/ton
Initial Evaluation Fee ¹	
Air Contaminant Emissions Fee ²	
Additional Engineering Evaluation Fees ³	
Source Test Fee ⁴	

Total: \$ _____

Notes:

1. See Fee Schedule. If T+M, or T+RN fee is indicated, call the District for a fee estimate.
2. See Subsection (d)(4) to determine applicable fee, based on total facility emissions.
3. See Subsection (d)(5) to determine if additional fees are required, or call the District for a fee estimate.
4. Call the District for a Source Test Fee estimate.

(3) Initial Evaluation Fee

The Initial Evaluation Fee shall be determined based on the specific type of equipment, process or operation for which an application is submitted, as listed in Column (1) of the Fee Schedules provided within this rule.

(i) Where the fee specified in Column (1) is T+RN, the fee shall be the actual evaluation cost incurred by the District and either the specified Emission Unit Renewal Fee (Column (2)) or an estimated T+M renewal fee for the first year of operation. The applicant shall deposit the amount estimated to cover the actual evaluation cost at the time of application submittal.

(ii) If the equipment, process or operation for which an application is submitted is not listed in the Fee Schedules, the Initial Evaluation Fee shall be on a T+M basis, including the Emission Unit Renewal Fee, as specified in Fee Schedule 91.

(iii) If the equipment, process, or operation for which an application is required solely due to a change in Rule 11 – Exemptions from Rule 10 Permit Requirements, the evaluation fee shall be based on the actual evaluation cost incurred by the District, not to exceed the Initial Evaluation Fee minus the Emission Unit Renewal Fee (Column (1) minus (2)), except as provided under Subsection (d)(5).

(4) Air Contaminant Emissions Fees

The Air Contaminant Emissions Fee is an annual fee based on total air contaminant emissions from the stationary source, ~~as specified below.~~ This fee shall also apply to

portable equipment permitted or registered under these Rules and Regulations. For purposes of this subsection, the term “facility” means either the stationary source, or collection of portable equipment permitted or registered under a single site ID.

(i) For existing facilities, an Air Contaminant Emissions Fee shall not be collected as part of an Initial Application Fee, if the Air Contaminant Emissions Fee was paid as part of the most recent Annual Operating Fees.

(ii) For new facilities, the Air Contaminant Emissions Fee shall be paid with the first permit application filed for the new facility and based upon actual expected air contaminant emissions from the ~~stationary source facility~~, as estimated by the District, for the calendar year in which the Permit to Operate is issued, as specified below. This fee shall remain unchanged until revised to reflect the most recent District approved emissions inventory report.

(A) If the actual expected annual emissions of carbon monoxide (CO), oxides of nitrogen (NOx), oxides of sulfur, particulate matter (PM10) or volatile organic compounds (VOC) equal or exceed five tons, then the Air Contaminant Emissions Fee shall be based on the total expected emissions of all these contaminants for that calendar year, multiplied by an air contaminant emissions fee rate of \$116 per ton.

(B) ~~Table I—Air Contaminant Emissions Fee~~ For all other new facilities, a single Air Contaminant Emissions Fee shall be paid based on the following table using the Fee Schedule that is most representative of the nature of the activities at the stationary source:

<u>Fee Schedule</u>	<u>Source Category Description</u>	<u>Annual Emissions Fee</u>
26(a)	VOC dispensing facility - Phase I & and Phase II controls required	\$9*
26(f)	VOC dispensing facility—Phase II bootless or mini-booted nozzle vacuum assist system	\$9*
28 (k and l)	Contract service solvent cleaning units (for contract companies with 100 or more units)	\$7 per cleaning unit
28(f)	Facilities with only remote reservoir units and no other permits at the facility	\$7 per cleaning unit
27(e)	Industrial surface coating applications	\$580
27(k)	Metal parts and aerospace coating applications	\$580
27(m)	Wood product coating applications	\$580
27(s)	Automotive painting operations	\$178 <u>\$174</u>
27(v)	Adhesive application operations	\$580
Various	All other stationary sources	\$116

- * The total Annual Emissions Fee for these units is calculated by multiplying the indicated fee, and the number of nozzles ~~and the number of product grades per nozzle~~.
(Emissions Fee = indicated fee x number of nozzles ~~x product grades per nozzle~~)

If the most representative nature of the activities cannot be determined for facilities with more than one source category description or fee schedule, the highest applicable annual emissions fee shall apply.

(5) Additional Evaluation and Processing Fees for New or Revised Applications

If an application requires the District to evaluate the emission unit for compliance with Rule 51 – Nuisance, Rule 1200 – Toxic Air Contaminants-New Source Review, Rules 20.1 through 20.8 (New Source Review), Rules 26.0 through 26.10 (Emission Reduction Credits), pre-backfill inspections for gasoline dispensing facilities, Regulation X – New Source Performance Standards, Regulation XI – National Emission Standards for Hazardous Air Pollutants, Regulation XII – Toxic Air Contaminants, federal Prevention of Significant Deterioration (PSD) requirements, a federal National Emission Standard for Hazardous Air Pollutants (NESHAP), State Airborne Toxic Control Measure (ATCM), CEQA, or to conduct additional application processing procedures in accordance with Health and Safety Code Section 42301.6 ~~or 42301.6~~, the applicant shall pay the actual cost incurred by the District for such evaluation and processing procedures, and any additional fees specified by this rule. The applicant shall deposit the amount estimated to cover the actual evaluation cost at the time of application submittal or upon request by the District.

(6) Fees for Revisions to Valid Permits

The owner of a valid permit, or his agent, may submit an application to propose the types of changes listed below. The evaluation fee for a revision shall be based on the actual evaluation cost incurred by the District, not to exceed the Initial Evaluation Fee minus the Emission Unit Renewal Fee (Column (1) minus (2)), except as provided under Subsections ~~(d)(1)(vi), (d)(5), (d)(6)(v), and (d)(6)(vi)~~. The applicant shall deposit the amount estimated to cover the actual cost of evaluating the proposed change at the time of application submittal.

Calculation Worksheet for Modified Equipment Fees

Non-refundable Processing Fee	\$95 <u>\$104</u>
Database Replacement Supplemental Fee	\$13
<u>Initial Evaluation Fee</u> ¹	
Additional Engineering Evaluation Fees ²	

Total: \$ _____

Notes:

1. See Fee Schedules, use Column (1) – (2). If T+M₇ or T+RN fee is indicated, call the District for a fee estimate.
2. See Subsection (d)(5) to determine if additional fees are required, or call the District for a fee estimate.

(i) Operational Change: An application which proposes an operational change of a valid permit.

(ii) Condition Change: An application which proposes a condition change of a valid permit.

(iii) Additions, Alterations and Replacement of Equipment: An application which proposes an addition, alteration or replacement of an emission unit described in a valid permit.

(iv) Review for a Change of Location: An application which proposes a change of location for an emission unit with a valid permit. An application is not required for any change of location within a stationary source or for a portable emission unit.

(v) Ownership Change: An application which proposes an ownership change for a valid permit shall pay an administrative fee of ~~\$95~~\$104. The applicant shall demonstrate to the District's satisfaction proof of entitlement to the Permit to Operate at the time of application submittal. Prior to an ownership change application being processed, payment of all outstanding charges that are normally due and associated with that permit must be paid.

(vi) Like-Kind Replacement Units per Rule 11 – Exemptions from Rule 10 Permit Requirements, Subsection (d)(5): An application for a permit change to reflect an eligible like-kind replacement emission unit pursuant to Rule 11 (d)(5)(ii), shall pay a fee of \$374, in addition to the Non-refundable Processing Fee.

(7) Fees for Revisions to Valid Authorities to Construct

The owner of a valid Authority to Construct, or his agent, may submit an application to propose the types of changes listed in Subsections (d)(6)(i thru v). The evaluation fee for a revision shall be based on the actual evaluation cost incurred by the District, not to exceed the Initial Evaluation Fee minus the Emission Unit Renewal Fee (Column (1) minus (2)), except as provided under Subsection (d)(5). The applicant shall deposit the amount estimated to cover the actual cost of evaluating the proposed change at the time of application submittal.

(8) Special Application Processing Provisions

(i) Reduced Fees for Similar Emission Units at a Single Stationary Source

If more than one application for an Authority to Construct/Permit to Operate is submitted at the same time for similar emission units at the same stationary source location, then the first emission unit shall be charged the Initial Application Fee as specified in Subsection (d)(2). Each additional emission unit shall be charged the Emission Unit Renewal Fee and the actual T+M costs incurred by the District to evaluate the emission unit and act upon the applications. The total cost for each additional emission unit shall not exceed the Initial Evaluation Fee (Column 1), except as provided under Subsection (d)(5).

This provision only applies to the extent that each emission unit will be operated independently, and the evaluation for an Authority to Construct for the first emission unit can be applied to the additional units because of similarity in design and operation, and each emission unit can be evaluated and inspected for a Permit to Operate at the same time. The provisions of this subsection shall not apply to Fee Schedules 3 and 26.

(ii) Reinspection Fees

If during an inspection for a Permit to Operate, an emission unit cannot be evaluated due to circumstances beyond the control of the District, the applicant shall pay the actual time and material costs of performing a reinspection. An estimated reinspection fee, as determined by the District, ~~shall~~ may be required to be deposited with the District prior to reinspection of the emission unit.

(iii) Split Fee Payments for Applications

An applicant may request a split payment of evaluation fees due to financial hardship. This request must be made in writing. The first payment, plus an administrative fee of \$75, must be deposited with the application. The second payment is due no later than 60 days after filing the application.

(iv) Fees for Expedited Application Processing

If an applicant requests expedited processing of an application and the District determines that such expedited processing is available through voluntary overtime work, the applicant shall pay an application fee equal to one and one-quarter times that which is otherwise specified by this rule, except that the Non-refundable Processing Fee and any applicable air contaminant emission fee shall be not more than that specified by this rule. At the time of submittal of the application, the applicant shall deposit a fee equal to that otherwise specified by this rule. If the application receives expedited processing, no final action shall be taken on the application until the applicant has paid the remainder of the fees required by this paragraph.

(v) Requirement for Defense and Indemnification Agreement

On a case-by-case basis, where significant risk to the District is identified in connection with the processing of an application, the Air Pollution Control Officer may require a defense and indemnification agreement from the applicant. The agreement shall be in a form approved by the Air Pollution Control Officer.

On a case-by-case basis, the Air Pollution Control Officer may determine to require security from the applicant. A determination to require security shall only be made by the Air Pollution Control Officer, and shall not be delegable. The Air Pollution Control Officer shall establish the form and amount of the security, as well as the time the security is to be provided to the District.

(vi) Indemnification

Each applicant, to the extent the applicant is at fault in causing liability to the District, shall indemnify the District, its agents, officers and employees (collectively “District Parties”) from any claim, action, liability, or proceeding against the District Parties to attack, set aside, void or annul the applicant’s project or any of the proceedings, acts or determinations taken, done or made as a result of District’s processing and/or approval of the project, as specified below. Each applicant’s obligation to indemnify shall apply to any lawsuit or challenge against the District Parties alleging failure to comply with the requirements of any federal, state, or local laws, including, but not limited to, requirements of these Rules and Regulations. This indemnification requirement shall be included in the application form provided to all applicants.

Each applicant’s obligation to indemnify the District Parties shall include, but not be limited to, payment of all court costs and attorneys’ fees, costs of any judgments or awards against the District, damages, and/or settlement costs, which arise out of District’s processing and/or approval of the applicant’s project, except that an applicant shall only be responsible for indemnifying the District Parties in the amount of liability which is equal to the proportion of fault caused by the applicant, as determined by a court. Where any court action results in a ruling for the plaintiff/petitioner, the applicant and the District shall request a determination on the percentage contribution of fault from the court which adjudicated the underlying challenge to the applicant’s project.

Notwithstanding this subsection, when a defense and indemnification agreement is required for a project under Subsection (d)(8)(v) above, the provisions of the defense and indemnification agreement shall apply to the applicant and not the provisions of this subsection.

(vii) Fees for Previously Permitted Emission Units Operating Without Valid Permits

In addition to the fees otherwise specified by this Section (d), a person who is applying for an Authority to Construct and/or Permit to Operate for a previously permitted emission unit that was operated after the applicable permit expired, and is no longer eligible for reinstatement, shall pay the annual operating and late fees specified in Sections (e), (f), and (g) ~~of this rule~~ that would have otherwise been due. Such payment shall not negate any fines and penalties that may be assessed for violations of the requirement to operate with a valid permit.

(e) ANNUAL OPERATING FEES

(1) General Provisions

(i) Annual Operating Fees are due on an annual basis and shall be paid by any person who is required to maintain a Permit to Operate or Temporary Authorization pursuant to Rule 10 – Permits Required, Section (b).

(ii) ~~Annual Operating Fees are due on the first day of the renewal month by 5 PM Pacific Time on the date the permit expires.~~ Permits expire on the last day of the renewal month. Payments received after the permit expiration date are subject to the late fee provisions of Section (g).

(iii) ~~Commencing July 1, 2007, and continuing through June 30, 2012, the fees for annual renewal of an active or inactive Permit to Operate or Title V Operating Permit shall include, in addition to the other fees specified in this rule, a Database Replacement Supplemental Fee of \$13 per permit \$3 per ton of emissions where the Air Contaminant Emissions Fee applies. This fee shall be non-refundable.~~

(2) Annual Operating Fees

The following applicable fees shall be paid as part of the Annual Operating Fees: Site ID Processing and Handling Fee, Permit Processing Fee, ~~Database Replacement Supplemental Fee~~, Emission Unit Renewal Fee, Air Contaminant Emissions Fee, and if applicable, District and State Air Toxic Hot Spots Fee and Annual Source Test Fee.

Calculation Worksheet for Annual Operating Fees

Site ID Processing and Handling Fee	\$35
Permit Processing Fee (\$25 x number of permitted units)	
Database Replacement Supplemental Fee (\$13 x number of permitted units plus \$3 per ton of emissions)	
Emission Unit Renewal Fee (See (iii) below)	
Air Contaminant Emissions Fee (See (iv) below)	
District & and State Air Toxic Hot Spots Fee (See (v) below)	
Annual Source Test Fee (See (vi) below)	

Total: \$_____

(i) Site ID Processing and Handling Fee: A site ID processing and handling fee of \$35 per ~~stationary source facility~~.

(ii) Permit Processing Fee: A permit processing fee of \$25 per Permit to Operate.

(iii) Emission Unit Renewal Fee: An annual renewal fee, for each specific type of emission unit, as specified in the Fee Schedules (Column (2)).

(iv) Air Contaminant Emissions Fee: An annual Air Contaminant Emissions Fee based on total emissions from the stationary source, ~~as specified below.~~ This fee shall also apply to portable equipment permitted or registered under these Rules and Regulations. For purposes of this subsection, the term “facility” means either the stationary source, or collection of portable equipment permitted or registered under a single site ID.

(A) For facilities with annual emissions of either carbon monoxide (CO), oxides of nitrogen (NO_x), oxides of sulfur, particulate matter (PM₁₀) or volatile organic compounds (VOC) that equal or exceed five tons, as indicated by the most recent District approved emission inventory report or an initial evaluation made pursuant to Subsection (d)(4)(ii), the Air Contaminant Emissions Fee shall be based on the total calendar year emissions of all these contaminants, multiplied by an air contaminant emissions fee rate of \$116 per ton.

(B) For all other facilities, a single Air Contaminant Emissions Fee shall be paid based on the following table using the Fee Schedule that is most representative of the nature of the activities at the stationary source:

<u>Fee Schedule</u>	<u>Source Category Description</u>	<u>Annual Emissions Fee</u>
26(a)	VOC dispensing facility - Phase I & and Phase II controls required	\$9*
26(f)	VOC dispensing facility - Phase II bootless or mini-booted nozzle vacuum assist system	\$9*
28 (k and l)	Contract service solvent cleaning units (for contract companies with 100 or more units)	\$7 per cleaning unit
28(f)	Facilities with only remote reservoir units and no other permits at the facility	\$7 per cleaning unit
27(e)	Industrial surface coating applications	\$580
27(k)	Metal parts and aerospace coating applications	\$580
27(m)	Wood product coating applications	\$580
27(s)	Automotive painting operations	\$174
27(v)	Adhesive application operations	\$580
Various	All other stationary sources	\$116

* The total annual Emissions Fee for these units is calculated by multiplying the indicated fee, and the number of nozzles ~~and the number of product grades per nozzle~~.
(Emissions Fee = indicated fee x number of nozzles ~~x product grades per nozzle~~)

If the most representative nature of the activities cannot be determined for facilities with more than one source category description or fee schedule, the highest applicable annual emissions fee shall apply.

(v) District and State Air Toxic Hot Spots Fee: If applicable, the stationary source-specific fee required under the Air Toxics “Hot Spots” Information and Assessment Act. See Subsection (f)(7).

(vi) Annual Source Test Fee: If a periodic source test is required, the applicable source test fee, as specified in Fee Schedules 92 and/or 93.

(3) Staggered Renewal Dates

The District may initiate, or the owner of a Permit to Operate may request in writing, to change the renewal month of all permits located at a single facility. When the established renewal month for a facility is changed to a new renewal month, the amount

due for each permit shall be prorated to reflect the new renewal month. Revised permits will be issued after the prorated amount has been paid.

(4) Split Payment of Annual Operating Fees

Owners or operators may request a split payment of the Annual Operating Fees due to financial hardship. This request must be made in writing at least one day prior to the due date. The first payment, plus an administrative fee of \$75, must be deposited by ~~the first day of the renewal month~~ 5 PM Pacific Time on the date the permit expires. The second payment is due no later than 60 days after the ~~first day of the renewal month~~ date the permit expires. Permits expire on the last day of the renewal month. The renewed permit will be issued after the second payment is made.

(5) Inactive Status Permits

A person who holds a valid permit who desires to have that permit placed on inactive status pursuant to Rule 10 – Permits Required of these Rules and Regulations shall submit an application requesting such change and shall pay the Initial Evaluation Fee specified in Fee Schedule 49(a), (Column 1) of this rule. If such request is received at the time of annual renewal of the permit, the person shall also pay the annual Emission Unit Renewal Fee specified in Fee Schedule 49(a), (Column 2). Thereafter, the annual Emission Unit Renewal Fee for the inactive status permit shall be as specified in Fee Schedule 49(a), (Column 2). When a person who holds a valid inactive status permit applies, in accordance with Rule 10, for the condition prohibiting operation to be removed and the permit returned to active status, the owner or operator shall pay the Initial Evaluation Fee specified in Fee Schedule 49(b), (Column 1), any Additional Engineering Evaluation Fees required pursuant to Subsection (d)(5), of this rule and the applicable Annual Operating Fee specified in Section (e) ~~of this rule~~ for that category of emission unit with an active status permit, prorated for the portion of the permit renewal year remaining.

(f) SPECIFIC PROGRAM FEES

(1) General Provisions

For all of the applicable programs listed below, a late fee as described in Section (g) shall be assessed if the required fees are not paid within 30 days after the due date.

(2) Asbestos Demolition or Renovation Notification

For each asbestos demolition or renovation notification subject to Regulation XI Subpart M (NESHAP), the owner or operator shall pay the applicable fees specified below. For projects where one notification is submitted for both renovation and demolition operations, the owner or operator shall pay both applicable renovation and demolition fees. Fees are due at the time a notification is submitted. Notifications or revisions thereof will not be considered received unless accompanied with the required fees. The terms used below are defined in Regulation XI Subpart M.

<u>TYPE OF OPERATION</u>	<u>Fee</u>
1. Renovation Operations (excluding residential buildings having four or fewer dwelling units)	
>160 sq. ft. or >260 linear (ln). ft. to 500 sq. or ln. ft.	\$250 <u>\$451</u>
501 to 2,000 sq. or ln. ft.	\$334 <u>\$529</u>
2,001 to 5,000 sq. or ln. ft.	\$501 <u>\$609</u>
5,001 to 10,000 sq. or ln. ft.	\$835 <u>\$671</u>
>10,000 sq. or ln. ft.	\$1002 <u>\$746</u>
2. Planned (Annual) Renovation Operations	
Notification Fee (add to appropriate <u>renovation</u> operation fee listed above)	\$341 <u>\$90</u>
3. Emergency Renovation Operations	
(add to appropriate renovation operation fee listed above)	\$350 <u>\$90</u>
Multiple Building Projects at the Same Facility (>100,000 sq. or ln. ft)	
Notification Fee (add to the operation fee and unit fee listed below.)	\$241
Operation Fee	\$1070
Per Unit Fee	\$49
4. Demolition Operations	
Regulated Asbestos Containing Material (RACM) sites or Non-RACM sites or sites with no asbestos present	\$331 <u>\$535</u>
5. Emergency Demolition Operations (add to demolition <u>operation</u> fee listed above)	\$350 <u>\$90</u>
6. Revised Notification Fee for Renovations, Demolitions, Planned Renovations, and Emergency Operations (NOTE: a revision is defined as a change in the original start date or when the amount of asbestos changes by greater than or equal to 20%.)	\$49 <u>\$44</u>

Additional fees may be required if the revised amount of asbestos to be removed increases to a higher category. The additional fee will be the difference between the fee paid and the fee required for the new category.

(3) Cooling Towers

The owner or operator of any cooling tower(s) shall submit a compliance plan for the tower(s) to the District with the applicable fees. Circulating water test results shall also be submitted with the compliance plan if required by Rule 1202 – Hexavalent Chromium-Cooling Towers.

Plan Fee per facility	\$37
Each cooling tower	\$21

(4) Air Pollution Emergency Episode Plan Fee

The owner or operator of a facility for which a plan or a plan update is required by District Regulation VIII – San Diego Air Pollution Emergency Plan shall pay a \$147 evaluation fee for each plan or plan update, at the time the plan is submitted for review.

(5) Grid Search

Any school district, individual, business or agency that submits a request for the District to conduct a grid search to identify all facilities with the potential to emit hazardous air contaminants (pollutants) shall deposit an initial fee of \$362 at the time the grid search is requested. If the actual costs incurred are greater than the amount deposited, the school district, individual, business or agency that made the request shall submit an additional amount as specified by the District to recover the remaining actual costs of performing the grid search.

(6) New or Modified Power Plants

Any source subject to the requirements of Rule 20.5 - Power Plants, shall reimburse the District for the actual costs incurred in order to comply with the provisions of Rule 20.5. The applicant shall deposit the amount estimated to cover the actual cost at the time of application submittal.

(7) Toxic Hot Spots

The owner or operator of a facility who has been identified by the District as being subject to the requirements of Health and Safety Code Section 44300 et seq. (the Air Toxics “Hot Spots” Information and Assessment Act), shall pay the applicable fees specified below to the District within 30 days of receipt of an invoice for the required fees.

(i) The owner or operator of a facility identified by the District as subject to any of the site-specific program requirements listed below shall pay an annual site-specific program fee. The amount of the site-specific program fee shall be equal to the actual costs incurred by the District associated with the site-specific program requirements for each affected facility.

(A) Toxic air contaminant emissions source testing when necessary to determine emissions for inclusion in a toxic air contaminant emissions inventory.

(B) Public health risk assessment or updated public health risk assessment pursuant to Health and Safety Code Section 44360 et seq. or Rule 1210 – Toxic Air Contaminant Public Health Risks-Public Notification and Risk Reduction ~~of these Rules and Regulations.~~

(C) Public notification of public health risks pursuant to Health and Safety Code Section 44362 or Rule 1210 – Toxic Air Contaminant Public Health Risks-Public Notification and Risk Reduction ~~of these Rules and Regulations.~~

(D) Facility toxic air contaminant risk reduction audit and plan pursuant to Health and Safety Code Section 44390 or Rule 1210 – Toxic Air Contaminant Public Health Risks-Public Notification and Risk Reduction ~~of these Rules and Regulations.~~

(ii) In addition to the fee specified in Subsection (f)(7)(i), the owner or operator of a facility subject to the requirements of Health and Safety Code Section 44300 et seq. shall pay an annual fee for the recovery of State program costs. The amount of the annual State program fee for each facility shall be that specified by the ARB in accordance with the State Air Toxics “Hot Spots” Fee Regulation contained in Title 17, California Code of Regulations, Section 90700 et seq.

(8) California Clean Air Act

The owner or operator of a stationary source who is required by Title 17, California Code of Regulations, Section 90800, et seq., to pay a fee adopted by the Air Resources Board shall pay the required fee to the District within 30 days of receipt of an invoice for the required fees.

(9) Title V Operating Permit

The owner or operator of a stationary source subject to the requirements of Regulation XIV – Title V Operating Permits, ~~of these Rules and Regulations~~, shall pay the actual time and materials costs incurred by the District to review and act upon an application for initial permit, permit modification, administrative permit amendment, Section 502(b)(10) change, enhanced Authority to Construct and/or Title V operating permit renewal; to evaluate such source for compliance with Regulation XIV and the terms and conditions of a Title V operating permit, including, but not limited to, the costs incurred to document such evaluation, to prepare reports, and to take any actions necessary in cases of noncompliance; to reopen an existing Title V operating permit; and to cancel a Title V operating permit.

(10) Synthetic Minor Source Permit

The owner or operator of a stationary source that submits an application to obtain a Synthetic Minor Source (SMS) Permit pursuant to Rule 60.2 - Limiting Potential to Emit-Synthetic Minor Sources, shall pay the fees specified below to recover the actual costs incurred by the District to review and act upon an application for initial permit, permit modification and/or permit renewal.

Application evaluation fee (new or modified permits)	T+M
SMS permit renewal fee	T+RN

(11) ~~Certificate~~ Determination of Exemption

The owner or operator of any emission unit or process, ~~applying for a Certificate requesting a determination of exemption (COE) as provided under pursuant to Rule 11 - Exemptions from Rule 10 Permit Requirements, Subsection (d)(19), shall pay a \$95 non-refundable processing fee, the \$13 Database Replacement Supplemental Fee, and an evaluation fee based on T+M (with an initial deposit of \$410) the fee specified below to recover the actual costs incurred by the District to evaluate the emission unit or process, to obtain an initial or modified COE. A COE is exempt from the requirement to pay Annual Operating Fees.~~

~~Initial Evaluation Fee—T+M (initial deposit \$410 plus processing fee)~~
~~COE modifications—T+M~~

(12) California Environmental Quality Act

Whenever the District is requested or required to conduct analyses, review or prepare documents, or conduct and/or participate in administrative procedures, meetings or hearings pursuant to CEQA, the District costs shall be paid by the persons requesting and/or receiving such services. District staff costs shall be determined using the labor rates specified in Fee Schedule 94. Costs to the District resulting from the activities of other agencies or consultants to the District necessary to provide such services shall be included in the total District costs. Persons requesting and/or receiving such services shall be charged the estimated cost of providing those services and shall deposit such amount to the District in advance of the service, unless prior arrangements for payment have been approved by the District. If the actual costs incurred are greater than the amounts deposited, the persons requesting and/or receiving the services shall deposit additional amounts as specified by the District to recover the remaining actual costs. Any funds deposited in excess of actual costs incurred shall be refunded.

(g) LATE FEES

(1) Late fees for Annual Operating Fees due to the District shall apply as follows:

(i) A late fee of 30 percent of the Annual Operating Fees due or \$250, whichever is less, shall be added for fees paid later than the last day of the renewal month.

(ii) An additional late fee of 10 percent of the Annual Operating Fees due shall be added for each additional month or portion thereof that the fees remain unpaid.

(iii) In no case shall the late fees exceed 100 percent of the total Annual Operating Fees.

(2) Late fees for any payments due to the District, except Annual Operating Fees, shall apply as follows:

(i) A late fee of 30 percent of the amount due shall be added for payments made more than 30 days after the due date.

(ii) An additional late fee of 10 percent of the amount due shall be added for each additional month or portion thereof that the payment is not received.

(iii) In no case shall the late fees exceed 100 percent of the amount due.

(h) RENEWAL OF EXPIRED PERMIT(S) & REINSTATEMENT OF RETIRED PERMIT(S)

(1) General Provisions

In addition to the Annual Operating Fees due for renewing an expired permit or reinstating a retired permit, any applicable fees pursuant to Subsection (d)(6), such as an ownership change, change of location, or modification, shall be paid concurrently.

New owners seeking to renew or reinstate a retired permit are responsible for payment of all outstanding charges that are normally due and associated with that retired or expired permit.

(2) Renewal of Expired Permit(s) to Operate

An expired permit can be renewed within six months of the expiration date by paying the applicable Annual Operating Fees and the late fees as specified in Section (g).

(3) Reinstatement of Retired Permit(s) to Operate

A retired permit can be reinstated within six months of the retirement date by submitting a written request, and paying the applicable Annual Operating Fees, a reinstatement fee of \$75 and the late fees as specified in Section (g).

(i) REFUNDS, INSUFFICIENT PAYMENT OF FEES AND CANCELLATIONS

(1) General Provisions

(i) No refunds shall be issued for amounts of less than \$25.

(ii) If an applicant does not sign, date and return a refund claim form within six months after receipt of the form, all rights to a refund shall be forfeited.

(2) Application Fee Refunds

(i) ~~Refunds Prior to Evaluation:~~ If an application for an Authority to Construct/Permit to Operate is withdrawn by the applicant:

(A) before the engineering evaluation has begun, the District will refund the entire Initial Application Fee, less the ~~\$95~~\$104 Non-refundable Processing Fee, and the ~~\$13 Database Replacement Supplemental Fee~~.

~~(ii) Refunds After Evaluation: If an application for an Authority to Construct/Permit to Operate is withdrawn by the applicant.~~

(B) after the engineering evaluation has begun ~~or if an Authority to Construct has been denied or canceled~~, the District will refund the Initial Application Fee, less the ~~\$95~~\$104 non-refundable processing fee, ~~the \$13~~

~~Database Replacement Supplemental Fee~~, and all costs incurred by the District to evaluate the application.

(ii) If an application for an Authority to Construct/Permit to Operate is denied or cancelled, the District will refund the Initial Application Fee, less the \$104 Non-refundable Processing Fee, the Initial Evaluation Fee (if a dollar amount is listed in Column (1), and not T+M or T+RN), and all other costs incurred by the District to evaluate the application.

(iii) Certificate of Registration Refunds: If an application for a Certificate of Registration is withdrawn by the applicant after the engineering evaluation has begun, or withdrawn seven days after the date of receipt, or the application is denied or cancelled, the District will ~~only refund the Emission Unit Renewal Fee~~ refund the Initial Application Fee, less the \$104 Non-refundable Processing Fee, the Initial Evaluation Fee, and all other costs incurred by the District to evaluate the application.

(iv) Refund Due to Overpayment of T&+M or T&+RN Initial Evaluation Fees or Additional Engineering Evaluation Fees: If the total cost incurred by the District to evaluate an application for an Authority to Construct/Permit to Operate is less than the Initial Evaluation Fee and/or Additional Engineering Evaluation Fees deposited by the applicant, the District will refund any overage beyond its actual evaluation costs and less the ~~\$95~~\$104 Non-refundable Processing Fee and the ~~\$13 Database Replacement Supplemental Fee~~. This provision does not apply to Initial Evaluation Fees for which a fixed amount is established in the Fee Schedules.

(v) Exempt Equipment Refunds: If the District determines that the article, machine equipment or other contrivance for which the application was submitted is not within the purview of state law or these Rules and Regulations, a full refund of the fees paid will be issued to the applicant. ~~If an application a request for a Certificate determination of exemption is withdrawn by the applicant before the engineering evaluation has begun, the District will refund the entire deposit and any other fees paid; less the \$95 non-refundable processing fee. If an application a request for a Certificate determination of exemption is withdrawn by the applicant after the engineering evaluation has begun, the District will refund the entire deposit and any other all fees paid, less the initial deposit, \$95 non-refundable processing fee, and the \$13 Database Replacement Supplemental Fee any costs incurred by the District to evaluate the request.~~

(3) Annual Operating Fee Refunds

A refund of the Annual Operating Fees shall not be issued unless the fees for the upcoming year are paid prior to the Permit to Operate renewal date and the request for a refund of these fees is made prior to the Permit to Operate renewal date. No refunds will be made for fees or late payments made after the due date.

(4) Air Contaminant Emissions Fee Refunds

(i) New Facilities: The Air Contaminant Emissions Fee portion of the Initial Application Fee shall only be refunded if the application is withdrawn or cancelled prior to the issuance of a Startup Authorization or Permit to Operate.

(ii) Existing Facilities: Air Contaminant Emissions Fees paid by existing facilities as part of their Annual Operating Fee or an Initial Application Fee shall not be refundable, unless all Permit(s) to Operate at the facility are retired.

(5) Other Fees

Asbestos Notifications: Refunds of asbestos notification fees shall be issued only if a cancellation notice is received by the District prior to the notification start date. A refund will not be issued if the notice of cancellation is received by the District on or after the notification start date.

(6) Cancellation Fees - Source Testing and Test Witnessing

Substitution of another facility for a scheduled test shall be considered a cancellation subject to the provisions listed below.

(i) Fee Schedule 92(a): If a source test cancellation notice is not received at least two working days prior to a scheduled source test date a cancellation fee of \$500 shall be charged.

(ii) Fee Schedules 92(b-z) and 93: If a source test or test witnessing cancellation notice is not received at least two working days prior to a scheduled source test date a cancellation fee of \$250 shall be charged.

(iii) Vapor Recovery (Phase I, II): If a VOC vapor recovery system test witness cancellation notice is not received at least two working days prior to a scheduled test date a cancellation fee of \$250 shall be charged.

(7) Insufficient Payment of Fees

(i) If the fees deposited by an applicant to cover the cost of evaluating an application for an Authority to Construct/Permit to Operate or other District evaluation is insufficient to complete the work in progress, the applicant shall deposit an amount deemed sufficient by the District to complete the work, except if the amount is \$25 or less.

(ii) The Air Pollution Control Officer ~~shall~~may cancel an application when an applicant fails or refuses to deposit such amount within 45 days of demand or fails or refuses to deposit such amount by the date required by Rule 18 – Action on Applications for action to be taken on the application, whichever date is sooner.

(iii) If the applicant fails or refuses to deposit such amount upon demand, the District may recover the same through a collection agency or by action in any court of competent jurisdiction, including small claims court. Until such amount is paid in full, the District shall not further process the application unless the Air Pollution Control Officer determines that it is in the best interest of all parties concerned to proceed.

(iv) Returned Checks: Any person who issues a check to the District, which is returned by the bank upon which it is drawn without payment, shall pay a returned check fee of \$25.

(v) The Air Pollution Control Officer may refuse to process an application and/or refuse to renew a Permit to Operate if the applicant has any unpaid invoices more than 60 days overdue or has any late fees or outstanding court judgments which are owed to the District. The Air Pollution Control Officer may refuse to process an application if a prior applicant for the equipment or project which is the subject of the application has unpaid invoices or late fees related to that equipment or project.

In the event that processing of an application is stopped pursuant to this provision, the timelines for taking action on an application specified in Rule 18 – Action on Applications shall no longer apply to that application.

FEE SCHEDULES

The Fee Schedules shall be used in determining the Initial Evaluation Fees and Emission Unit Renewal Fees using the amounts listed in Columns (1) and (2) respectively for each emission unit. The fees specified below do not include all applicable fees. See Sections (c), (d), (e), (f), (g), (h), and (i) for other required fees.

SCHEDULE 1: Abrasive Blasting Equipment Excluding Rooms and Booths

Any permit unit consisting of air hoses, with or without water lines, with a single pot rated at 100 pounds capacity or more of sand regardless of abrasive used, and a nozzle or nozzles. (Equipment not operated solely in Schedule 2 facilities).

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Pot 100 pounds capacity or larger with no Peripheral Equipment	\$556 <u>\$595</u>	\$87 <u>\$261</u>
(b) Each Pot 100 pounds capacity or larger loaded Pneumatically or from Storage Hoppers	\$1136 <u>\$1334</u>	\$88 <u>\$238</u>
(c) Each Bulk Abrasive Blasting Material Storage System	\$1460 <u>\$1728</u>	\$101 <u>\$216</u>
(d) Each Spent Abrasive Handling System	\$1123 <u>\$1334</u>	\$75 <u>\$191</u>
(x) Each Portable Abrasive Blasting Unit, Registered Under Rule 12.1	\$473 <u>\$410</u>	\$173 <u>\$160</u>

SCHEDULE 2: Abrasive Blasting Cabinets, Rooms and Booths

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Abrasive Blasting Cabinet, Room or Booth	\$2198 <u>\$3563</u>	\$204 <u>\$334</u>
(b) Each Cabinet, Room, or Booth with an Abrasive Transfer or Recycle System	\$1899 <u>\$4117</u>	\$146 <u>\$362</u>

SCHEDULE 3: Asphalt Roofing Kettles and Tankers used to Store, Heat, Transport, and Transfer Hot Asphalt

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Kettle or Tanker with capacity greater than 85 gallons	\$885 <u>\$1062</u>	\$52 <u>\$240</u>
(b) Each Kettle or Tanker with capacity greater than 85 gallons and requiring emission control equipment	T+RN	\$145
(w) Each Kettle or Tanker, Registered Under Rule 12	\$387 <u>\$276</u>	\$53 <u>\$158</u>

SCHEDULE 4: Hot-Mix Asphalt Paving Batch Plant

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Hot-Mix Asphalt Paving Batch Plant	T+RN	\$1520 <u>\$1130</u>

SCHEDULE 5: Rock Drills

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Drill with water controls	\$1189	\$67
(b) Each Drill with controls other than water	T+RN	\$46
(w) Each Drill, Registered Under Rule 12	\$406 <u>\$464</u>	\$52 <u>\$150</u>

SCHEDULE 6: Sand, Rock, Aggregate Screens, and Other Screening Operations, when not used in Conjunction with other Permit Items in these Schedules

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Screen Set	\$2054 <u>\$3338</u>	\$231 <u>\$432</u>
(x) Each Portable Sand and Gravel Screen Set, Registered Under Rule 12.1	\$558 <u>\$477</u>	\$203 <u>\$275</u>

SCHEDULE 7: Sand, Rock, and Aggregate Plants

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Crusher System (involves one or more primary crushers forming a primary crushing system or, one or more secondary crushers forming a secondary crusher system and each serving a single process line)	T+RN	\$405 <u>\$637</u>
(b) Each Screening System (involves all screens serving a given primary or secondary crusher system)	T+RN	\$52 <u>\$224</u>
(c) Each Loadout System (a loadout system is a set of conveyors chutes and hoppers used to load any single rail or road delivery container at any one time)	T+RN	\$35 <u>\$253</u>
(d) RESERVED		
(x) Each Portable Rock Crushing System, Registered Under Rule 12.1	\$667 <u>\$477</u>	\$168 <u>\$246</u>

SCHEDULE 8: Concrete Batch Plants, Concrete Mixers over One Cubic Yard Capacity and Separate Cement Silo Systems

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Concrete Batch Plant (including Cement-Treated Base Plants)	T+RN	\$322 <u>\$515</u>
(b) Each Mixer over one cubic yard capacity	T+RN	\$214 <u>\$312</u>
(c) Each Cement or Fly Ash Silo System not part of another system requiring a Permit	T+RN	\$220 <u>\$322</u>
(d) Expo Builders Supply (ID #APCD1976-SITE-00634)*	T+RN	\$538 <u>\$702</u>
(x) Each Portable Concrete Batch Plant, Registered Under Rule 12.1	\$628 <u>\$528</u>	\$179 <u>\$238</u>

*Pursuant to Subsection (c)(43)

SCHEDULE 9: Concrete Product Manufacturing Plants

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Plant	T+RN	\$239 <u>\$365</u>

SCHEDULE 10: RESERVED**SCHEDULE 11: ~~Tire Buffers~~ RESERVED**

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Buffer	T+RN	\$260
(b) RESERVED		

SCHEDULE 12: RESERVED**SCHEDULE 13: Boilers and Heaters**

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each 1 MM BTU/HR up to but not including 50 MM BTU/HR input	\$1933 <u>\$2306</u>	\$242 <u>\$330</u>
(b) Each 50 MM BTU/HR up to but not including 250 MM BTU/HR	T+RN	\$299 <u>\$665</u>
(c) Each 250 MM BTU/HR up to 1050 MM BTU/HR input, or up to but not including 100 Megawatt gross output, whichever is greater (based on an average boiler efficiency of 32.5%) <u>RESERVED</u>	T+RN	T+M
(d) Each 100 Megawatt output or greater (based on an average boiler efficiency of 32.5%)	T+RN	\$2491 <u>\$703</u>
(e) RESERVED		
(f) Each 1 MM BTU/HR up to but not including 50 MM BTU/HR input at a single site where more than 5 such units are located	\$1874 <u>\$2230</u>	\$87 <u>\$180</u>
(g) Each 250 MM BTU/HR up to 1050 MM BTU/HR input or up to but not including 100 Megawatt gross output, whichever is greater, where a Notice of Intention has been filed with the California Energy Commission	T+RN	T+M
(h) Each 100 Megawatt gross output or greater where a Notice of Intention has been filed with the California Energy Commission	T+RN	T+M

SCHEDULE 14: Non-Municipal Incinerators

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Crematory or W waste incinerator burning capacity up to and including 100 lbs/hr*	T+RN	\$270 <u>\$501</u>
(b) Crematory or W waste incinerator burning capacity greater than 100 lbs/hr	T+RN	\$694 <u>\$1958</u>
(c) Burning capacity up to and including 50 lbs/hr used exclusively for the incineration or cremation of animals	T+RN	\$192 <u>\$199</u>
(d) Cremation Services Inc. (ID #APCD1995-SITE-09208)*	T+RN	\$1032

*Excluding incinerators units of 50 lbs/hr capacity or less used exclusively for incineration or cremation of animals.

*Pursuant to Subsection (c)(4)

SCHEDULE 15: Burn-Out Ovens

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Electric Motor/Armature Refurbishing Oven	T+RN	\$168 <u>\$254</u>
(b) RESERVED		
(c) Each IC Engine Parts Refurbishing Unit	T+RN	\$195 <u>\$444</u>
(d) USN SIMA (ID #APCD1981-SITE-02798)*	T+RN	\$249 <u>\$325</u>

*Pursuant to Subsection (c)(4)

SCHEDULE 16: RESERVED**SCHEDULE 17: RESERVED****SCHEDULE 18: Metal Melting Devices**

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) RESERVED		
(b) RESERVED		
(c) Each Pit or Stationary Crucible	T+RN	\$416 <u>\$481</u>
(d) Each Pot Furnace	\$2322 <u>\$2547</u>	\$192 <u>\$333</u>
(e) Each Induction Furnace	T+RN	\$179
(f) through (h) RESERVED		

SCHEDULE 19: Oil Quenching and Salt Baths

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Tank	T+RN	\$366 <u>\$224</u>

SCHEDULE 20: Gas Turbine Engines, Test Cells and Test Stands

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
GAS TURBINE, TURBOSHAFT, TURBOJET AND TURBOFAN ENGINE TEST CELLS AND STANDS		
(a) Each Aircraft Propulsion Turbine, Turboshaft, Turbojet or Turbofan Engine Test Cell or Stand	T+RN	\$297 <u>\$471</u>
(b) Each Aircraft Propulsion Test Cell or Stand at a facility where more than one such unit is located	T+RN	\$87 <u>\$354</u>
(c) Each Non-Aircraft Turbine Test Cell or Stand	T+RN	\$76 <u>\$344</u>
GAS TURBINE ENGINES		
(d) Each Non-Aircraft Turbine Engine 1 MM BTU/HR up to but not including 50 MM BTU/HR input	T+RN	\$812 <u>\$868</u>
(e) Each Non-Aircraft Turbine Engine 50 MM BTU/HR up to but not including 250 MM BTU/HR input	T+RN	\$3803 <u>\$1732</u>
(f) Each Non-Aircraft Turbine Engine 250 MM BTU/HR or greater input	T+RN	\$2746 <u>\$3020</u>
(g) Each Unit used solely for Peak Load Electric Generation	T+RN	\$909 <u>\$511</u>
(h) Each Standby Gas Turbine used for Emergency Power Generation	T+RN	\$156 <u>\$258</u>

SCHEDULE 21: Waste Disposal and Reclamation Units

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Paper or Wood Shredder or Hammermill Grinder	T+RN	\$179 <u>\$330</u>
(b) through (e) RESERVED		

SCHEDULE 22: Feed and Grain Mills and Kelp Processing Plants

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Receiving System (includes Silos)	T+RN	\$301 <u>\$330</u>
(b) Each Grinder, Cracker, or Roll Mill	T+RN	\$40 <u>\$338</u>
(c) Each Shaker Stack, Screen Set, Pelletizer System, Grain Cleaner, or Hammermill	T+RN	\$67 <u>\$267</u>
(d) Each Mixer System	T+RN	\$122 <u>\$842</u>
(e) Each Truck or Rail Loading System	T+RN	\$64 <u>\$83</u>
(f) CP Kelco: Shaker, Screen, Pelletizer, Cleaner, Hammermill (ID #APCD1976-SITE-00116)*	T+RN	\$343 <u>\$215</u>

*Pursuant to Subsection (c)(43)

SCHEDULE 23: Bulk Terminal Grain and Dry Chemical Transfer and Storage Facility Equipment

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Receiving System (Railroad, Ship and Truck Unloading)	T+RN	\$228 <u>\$572</u>
(b) Each Storage Silo System	\$1341 <u>\$1446</u>	\$168 <u>\$295</u>
(c) Each Loadout Station System	T+RN	\$29 <u>\$256</u>
(d) Each Belt Transfer Station	T+RN	\$29 <u>\$256</u>
(f) Cemex Construction Materials Inc. (ID #APCD1982 SITE 03043)*	T+RN	\$912

~~*Pursuant to Subsection (c)(4)~~

SCHEDULE 24: Dry Chemical Mixing

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Grain Mixing System (includes receiving, transfer, mixing or blending, storage, and loadout bagging) <u>RESERVED</u>	T+RN	\$192
(b) <u>RESERVED</u>		
(c) Each Dry Chemical Mixer with capacity over one-half cubic yard	T+RN	\$149 <u>\$433</u>

SCHEDULE 25: Volatile Organic Compound Terminals, Bulk Plants and Intermediate Refueler Facilities

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
1. Bulk Plants and Bulk Terminals equipped with or proposed to be equipped with a vapor processor:		
(a) Per Tank	T+RN	\$1013 <u>\$370</u>
(b) Tank Rim Seal Replacement	T+RN	N/A
(c) Per Truck Loading Head	T+RN	\$368 <u>\$1197</u>
(d) Per Vapor Processor	T+RN	\$1683 <u>\$388</u>
<u>(g) NAVY REGION SW (ID#APCD1980-SITE-02754)*</u>	<u>T+RN</u>	<u>\$669</u>

*Pursuant to Subsection (c)(3)

2. Bulk Plants not equipped with or not proposed to be equipped with a vapor processor:

(e) Per Tank	T+RN	\$87 <u>\$367</u>
(f) Per Truck Loading Head	T+RN	\$40 <u>\$296</u>
(g) RESERVED		

“Vapor Processor” means a device which recovers or transforms volatile organic compounds by condensation, refrigeration, adsorption, absorption, incineration, or any combination thereof.

SCHEDULE 25: Volatile Organic Compound Terminals, Bulk Plants and Intermediate Refueler Facilities – continued

3. Facilities fueling intermediate refuelers (IR's) for subsequent fueling of motor vehicles, boats, or aircraft:

(h) Per IR Loading Connector T+RN \$76\$377

If a facility falls into Parts 1, 2, or 3 above and is equipped with dispensing nozzles for which Phase II vapor controls are required, additional fees equivalent to the “per nozzle” fees for Schedule 26(a) shall be assessed for each dispensing nozzle.

SCHEDULE 26: Non-Bulk Volatile Organic Compound Dispensing Facilities
Subject to District Rules 61.0 through 61.6

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Initial installations and total renovations Facilities where Phase I and Phase II controls are required (includes Phase I fee), except where Fee Schedule 26(f) applies	\$220 <u>\$2326</u> +RN	
Renewal Fee: Fee x <u>number of nozzles</u> x product grades per nozzle		\$75 <u>\$173</u>
(b) RESERVED		
(c) Facilities where only Phase I controls are required (includes tank replacement) Fee Per Facility	\$1266 <u>\$2162</u>	\$132 <u>\$541</u>
(d) RESERVED		
(e) Non-retail facilities with 260-550 gallon tanks and no other non-bulk gasoline dispensing permits Fee Per Facility	\$599 <u>\$673</u>	\$87 <u>\$480</u>
(f) Phase II Bootless or Mini-Booted Nozzle Vacuum Assist System facility	\$2752 +RN	
Renewal Fee: Fee x nozzles x product grades per nozzle		\$99 *

* The renewal fee is multiplied by the number of nozzles and the number of product grades dispensed per nozzle.

SCHEDULE 27: Application of Materials Containing Organic Solvents (includes coatings, adhesives, and other materials containing volatile organic compounds (VOC))

PART 1 - MARINE COATINGS

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) First Permit for a stationary <u>Each</u> Marine Coating application operation at facilities emitting ≤ 10 tons/year of VOC from Marine Coating Operations, except where Fee Schedule 27(t) applies	\$2768 <u>\$2568</u>	\$509 <u>\$761</u>
(b) First Permit for a stationary Marine Coating application operation at facilities emitting > 10 tons/year of VOC from Marine Coating Operations <u>RESERVED</u>	\$3613	\$1142
(c) Each additional Permit for stationary Marine Coating application operations at existing permitted facilities <u>RESERVED</u>	T+RN	\$222
(t) First Permit for a stationary <u>Each</u> Marine Coating application operation at facilities where combined coating and cleaning solvent usage is < 3 gallons/day and < 100 gallons/year	\$1273 <u>\$1156</u>	\$342 <u>\$632</u>
(x) Each portable Marine Coating application operation where aggregate emissions from all such operations under the same owner are < 10 tons/year of VOC <u>RESERVED</u>	T+RN	\$110
(y) Each portable Marine Coating application operation where aggregate emissions from all such operations under the same owner are > 10 tons/year of VOC <u>RESERVED</u>	T+RN	\$780
(z) NASSCO (ID #APCD1976-SITE-00145)*	T+RN	\$1594 <u>\$970</u>

*Pursuant to Subsection (c)(43)

PART 2 - INDUSTRIAL MATERIAL APPLICATIONS AND MANUFACTURING

(Includes application stations for coatings such as paint spraying and dip tanks, printing, and manufacturing products with materials which contain VOCs, etc.)

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(d) Each Surface Coating Application Station w/o control equipment and not covered by other fee schedules at facilities using > 1 gallon/day of surface coatings and emitting ≤ 5 tons/year of VOC from equipment in this fee schedule	\$2128 <u>\$2212</u>	\$326 <u>\$532</u>
(e) Each Surface Coating Application Station w/o control equipment and not covered by other fee schedules at facilities emitting > 5 tons/year of VOC from equipment in this fee schedule	T+RN	\$431 <u>\$547</u>
(f) Each Fiberglass, Plastic or Foam Product Process Line at facilities emitting ≤ 10 tons/year of VOC from fiberglass, plastic or foam products operations	\$3381 <u>\$3532</u>	\$382 <u>\$610</u>
(g) Each Fiberglass, Plastic or Foam Product Process Line at facilities emitting > 10 tons/year of VOC from fiberglass, plastic or foam products operations <u>RESERVED</u>	\$2998	\$287
(h) Propulsion Controls Engineering (ID #APCD1983-SITE-03314)* <u>RESERVED</u>	T+RN	\$538
(i) Each Surface Coating Application Station requiring Control Equipment	T+RN	\$1551 <u>\$785</u>

SCHEDULE 27: Application of Materials Containing Organic Solvents (includes coatings, adhesives, and other materials containing volatile organic compounds (VOC)) – continued

PART 2 - INDUSTRIAL MATERIAL APPLICATIONS AND MANUFACTURING

(Includes application stations for coatings such as paint spraying and dip tanks, printing, and manufacturing products with materials which contain VOCs, etc.) – continued

(j)	Each Surface Coating Application Station subject to Rule 67.3 or 67.9 w/o Control Equipment at facilities emitting ≤ 5 tons/year of VOC from equipment in this fee schedule	\$2581 <u>\$4782</u>	\$394 <u>\$607</u>
(k)	Each Surface Coating Application Station subject to Rule 67.3 or 67.9 w/o Control Equipment at facilities emitting > 5 tons/year of VOC from equipment in this fee schedule	T+RN	\$264 <u>\$753</u>
(l)	Each Wood Products Coating Application Station w/o Control Equipment at facilities using > 500 gallons/year of wood products coatings and emitting ≤ 5 tons/year of VOC from Wood Products Coating Operations	\$2440 <u>\$3284</u>	\$421 <u>\$699</u>
(m)	Each Wood Products Coating Application Station w/o Control Equipment at facilities emitting > 5 tons/ year of VOC from Wood Products Coating Operations	\$2944 <u>\$2874</u>	\$404 <u>\$881</u>
(n)	Each Press or Operation at a Printing or Graphic Arts facility subject to Rule 67.16	\$1668 <u>\$1784</u>	\$253 <u>\$377</u>
(o)	RESERVED		
(p)	Each Surface Coating Application Station w/o control equipment (except automotive painting) where combined coating, and cleaning solvent usage is < 1 gallon/day or < 50 gallons/year	\$1922 <u>\$2212</u>	\$288 <u>\$394</u>
(q)	Each Wood Products Coating Application Station of coatings and stripper w/o control equipment at a facility using < 500 gallons/year for Wood Products Coating Operations	\$2027 <u>\$3284</u>	\$439 <u>\$637</u>

*Pursuant to Subsection (c)(4)

PART 3 – MOTOR VEHICLE AND MOBILE EQUIPMENT REFINISHING OPERATIONS

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(r) Each facility applying < 5 gallons/day of Coating Materials subject to Rule 67.20 (as applied or sprayed)	\$2282 <u>\$2763</u>	\$539 <u>\$856</u>
(s) Each facility applying > 5 gallons/day of Coating Materials subject to Rule 67.20 (as applied or sprayed) <u>RESERVED</u>	\$2113	\$422

PART 4 - ADHESIVE MATERIALS APPLICATION OPERATIONS

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(u) Each Adhesive Materials Application Station w/o control equipment at facilities emitting ≤ 5 tons/year of VOC from equipment in this fee schedule	\$1792 <u>\$1734</u>	\$348 <u>\$433</u>
(v) Each Adhesive Materials Application Station w/o control equipment at facilities emitting > 5 tons/year of VOC from equipment in this fee schedule	\$1980 <u>\$1734</u>	\$432 <u>\$862</u>
(w) Each Adhesive Materials Application Station w/o control equipment where adhesive materials usage is < 55 gallons/year	\$1634 <u>\$1734</u>	\$275 <u>\$555</u>

SCHEDULE 28: Vapor and Cold Solvent Cleaning Operations and Metal Inspection Tanks

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Vapor Degreaser with an Air Vapor Interfacial area > 5 square feet	T+RN	\$362 <u>\$401</u>
(b) Each Cold Solvent Degreaser with liquid surface area > 5 square feet	\$1032 <u>\$1527</u>	\$89 <u>\$319</u>
(c) Each Corrosion Control Cart <u>RESERVED</u>	T+RN	\$243
(d) Each Paint Stripping Tank	\$1906 <u>\$1929</u>	\$287 <u>\$327</u>
(e) RESERVED		
(f) Remote Reservoir Cleaners	\$412 <u>\$676</u>	\$99 <u>\$294</u>
(g) RESERVED		
(h) Vapor Degreaser with an Air-Vapor Interfacial area ≤ 5 square feet	\$590 <u>\$589</u>	\$160 <u>\$313</u>
(i) Cold Solvent Degreaser with a liquid surface area ≤ 5 square feet	\$402 <u>\$434</u>	\$110 <u>\$281</u>
(j) Metal Inspection Tanks	\$1115 <u>\$1190</u>	\$158 <u>\$262</u>
(k) Contract Service Remote Reservoir Cleaners with > 100 units	T+RN	\$29 <u>\$337</u> <u>\$29</u>
(l) Contract Service Cold Degreasers with a liquid surface area of ≤ 5 square feet	T+RN	\$12 <u>\$279</u> <u>\$12</u>
(m) Each facility-wide Solvent Application Operation	T+RN	T+M
(n) American Faucet (ID #APCD1999 SITE 10875)*	T+RN	\$295
(o) Chemtronics (ID #APCD1978 SITE 00031)*	T+RN	\$260

*Pursuant to Subsection (c)(4)

SCHEDULE 29: Automated Soldering Equipment

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Solder Leveler	\$2446 <u>\$2685</u>	\$194 <u>\$335</u>

SCHEDULE 30: Solvent and Extract Dryers

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Kelp and Biogum Products Solvent Dryer	T+RN	\$816 <u>\$1813</u>

SCHEDULE 31: Dry Cleaning Facilities

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Facility using Halogenated Hydrocarbon Solvents required to install Control Equipment	\$1487 <u>\$1220</u>	\$522 <u>\$1081</u> <u>\$589</u>
(b) Each Facility using Petroleum Based Solvents	T+RN	\$377 <u>\$375</u>
(c) Each Facility using Solvents not required to install Control Equipment	T+RN	\$171
(d) RESERVED		

SCHEDULE 32: Acid Chemical Milling, Copper Etching and Hot Dip Galvanizing

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Copper Etching Tank	T+RN	\$581 <u>\$530</u>
(b) Each Acid Chemical Milling Tank	T+RN	\$489 <u>\$460</u>
(c) Each Hot Dip Galvanizing Tank	T+RN	\$193 <u>\$367</u>
(d) RESERVED		
(e) Chemtronics (ID #APCD1978 SITE 00031)*	T+RN	\$943

*Pursuant to Subsection (c)(4)

SCHEDULE 33: Can and Coil Manufacturing and Coating Operations

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Process Line <u>RESERVED</u>	T+RN	\$230

SCHEDULE 34: Piston Type Internal Combustion Engines

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Cogeneration Engine with in-stack Emission Controls	T+RN	\$430 <u>\$690</u>
(b) Each Cogeneration Engine with Engine Design Emission Controls	T+RN	\$565 <u>\$699</u>
(c) Each Emergency Standby Engine (for electrical or fuel interruptions beyond control of Permittee)	\$2066 <u>\$2938</u>	\$182 <u>\$334</u>
(d) Each Engine for Non-Emergency and Non-Cogeneration Operation	\$2390 <u>T+RN</u>	\$353 <u>\$492</u>
(e) Each Grouping of Engines for Dredging or Crane Operation with total engine horsepower > 200 HP	T+RN	\$261 <u>\$484</u>
(f) Each Diesel Pile-Driving Hammer	T+RN	\$87 <u>\$214</u>
(g) Each Engine for Non-Emergency and Non-Cogeneration Operation < 200 horsepower	\$2064 <u>\$2407</u>	\$171 <u>\$355</u>
(h) Each California Certified Emergency Standby Engine (for electrical or fuel interruptions beyond control of Permittee)	\$1832 <u>\$2138</u>	\$180 <u>\$334</u>
(i) Each Internal Combustion Engine Test Cell and Test Stand	T+RN	\$191 <u>\$883</u>
(j) RESERVED		
(k) RESERVED		
(w) Each Specified Eligible Engine, Registered Under Rule 12	\$526 <u>\$313</u>	\$133 <u>\$198</u>
(x) Each Specified Eligible Portable Engine, Registered Under Rule 12.1	\$564 <u>\$515</u>	\$122 <u>\$201</u>
(z) Each Specified Eligible Engine, Registered Under Rule 12, Conversion from Valid Permit	\$272 <u>\$343</u>	N/A

SCHEDULE 35: Bulk Flour, Powdered Sugar and Dry Chemical Storage Systems

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each System	T+RN	\$237 <u>\$368</u>

SCHEDULE 36: Grinding Booths and Rooms

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Booth or Room	\$199 <u>\$2138</u>	\$184 <u>\$350</u>

SCHEDULE 37: Plasma Electric and Ceramic Deposition Spray Booths

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Application Station	T+RN	\$365 <u>\$677</u>
(c) Flame Spray (ID #APCD1976-SITE-00274)*	T+RN	\$963 <u>\$622</u>

*Pursuant to Subsection (c)(43)

SCHEDULE 38: Paint, Adhesive, Stain, Ink, Solder Paste, and Dielectric Paste Manufacturing

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Process Line for Paint, Adhesive, Stain, or Ink Manufacturing at facilities producing > 10,000 gallons per year	T+RN	\$138 <u>\$237</u>
(b) Each Can Filling Line	T+RN	\$239 <u>\$357</u>
(c) Each Process Line for Solder Paste or Dielectric Paste Manufacturing	T+RN	\$147 <u>\$456</u>
(d) Each Paint, Adhesive, Stain or Ink Manufacturing facility producing <10,000 gallons per year	T+RN	\$361 <u>\$795</u>
(f) Ferro Electronic Material Systems (ID #APCD2001-SITE-04439)*	T+RN	\$1618 <u>\$539</u>
(g) Loctite Corporation (ID #APCD1992-SITE-08477)*	T+RN	\$283

*Pursuant to Subsection (c)(43)

SCHEDULE 39: Precious Metals Refining

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Process Line	T+RN	\$145 <u>\$282</u>

SCHEDULE 40: Asphalt Pavement Heaters/Recyclers

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Processor RESERVED	\$1555	\$72

(x) Each Portable Unheated Pavement Crushing and Recycling System, Registration Under Rule 12.1	\$454 <u>\$545</u>	\$53 <u>\$172</u>
---	-------------------------------	------------------------------

SCHEDULE 41: Perlite Processing

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Process Line	T+RN	\$272 <u>\$606</u>
(b) Aztec Perlite (ID #APCD1978-SITE-01598)*	T+RN	\$526 <u>\$773</u>

*Pursuant to Subsection (c)(~~43~~)

SCHEDULE 42: Electronic Component Manufacturing

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Process Line	T+RN	\$411 <u>\$1002</u>
(b) Each Screen Printing Operation	T+RN	\$497 <u>\$448</u>
(c) Each Coating/Maskant Application Operation, excluding Conformal Operation	T+RN	\$407 <u>\$432</u>
(d) Each Conformal Coating Operation	T+RN	\$168 <u>\$574</u>
(e) RESERVED		
(f) RESERVED		
(g) RESERVED		

SCHEDULE 43: Ceramic Slip Casting

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Process Line	T+RN	\$287 <u>\$535</u>
(b) Polese Company Inc. (ID #APCD2000-SITE-03891)*	T+RN	\$724

*Pursuant to Subsection (c)(4)

SCHEDULE 44: Evaporators, Dryers, & Stills Processing Organic Materials

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Evaporators and Dryers [other than those referenced in Fee Schedule 30 (a)] processing materials containing volatile organic compounds	T+RN	\$248 <u>\$364</u>
(b) Solvent Recovery Stills, on-site, batch-type, solvent usage > 350 gallons per day	\$1793 <u>\$1963</u>	\$137 <u>\$345</u>

SCHEDULE 45: Rubber Mixers RESERVED

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
----------	----------------------------------	-------------------------------------

(a) Each Rubber Mixer	T+RN	\$112
----------------------------------	-----------------	------------------

SCHEDULE 46: Filtration Membrane Manufacturing

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Process Line	T+RN	\$873 <u>\$576</u>
(b) RESERVED		
(c) RESERVED		
(d) RESERVED		

SCHEDULE 47: Organic Gas Sterilizers

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Organic Gas Sterilizer requiring control	T+RN	\$664 <u>\$572</u>
(b) Each Stand Alone Organic Gas Aerator requiring control	T+RN	T+M
(c) Each Organic Gas Sterilizer not requiring control	T+RN	\$214
(d) RESERVED		

SCHEDULE 48: Municipal Waste Storage and Processing

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Waste Disposal Site not equipped with Emission Collection & <u>and</u> Control System	T+RN	\$2499 <u>\$3212</u>
(b) Each Temporary Storage and/or Transfer Station <u>RESERVED</u>	T+RN	T+M
(c) Each Waste Disposal Site/Landfill equipped with Emission Collection & <u>and</u> Control System(s)	T+RN	\$2008 <u>\$4351</u>
(d) through (e) RESERVED		

SCHEDULE 49: Non-Operational Status Equipment

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Non-Operational Status Equipment	\$109 <u>\$206</u>	\$53 <u>\$252</u>
(b) Activating Non-Operational Status Equipment	\$152 <u>\$185</u>	N/A

SCHEDULE 50: Coffee Roasters

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Coffee Roaster	\$2442 <u>\$2632</u>	\$214 <u>\$418</u>

SCHEDULE 51: Industrial Waste Water Treatment

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each On-site Processing Line	\$2260 <u>\$2235</u>	\$266 <u>\$491</u>
(b) Deutsch ECD (ID #APCD1976 SITE 00269)* <u>RESERVED</u>	T+RN	\$526
(c) USN Air Station NORIS Public Works (ID #APCD1986-SITE-02755)*	T+RN	\$542 <u>\$697</u>

*Pursuant to Subsection (c)(43)

SCHEDULE 52: Air Stripping & and Soil Remediation Equipment

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Air Stripping Equipment	T+RN	\$193 <u>\$622</u>
(b) Soil Remediation Equipment - On-site (In situ Only)	\$3815 <u>T+RN</u>	\$202 <u>\$784</u>
(c) Soil Remediation Equipment - Offsite & On-site (ex situ)	T+RN	\$513
(d) Contaminated Soil Excavation	T+RN	T+M
(e) RESERVED		

SCHEDULE 53: Lens Casting Equipment RESERVED

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Lens Casting Line	T+RN	\$520
(b) Each Lens Coating Line	T+RN	\$29

SCHEDULE 54: Pharmaceutical Manufacturing

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Pharmaceutical Manufacturing Process Line	T+RN	\$365 <u>\$659</u>
(b) RESERVED		

SCHEDULE 55: Hexavalent Chromium Plating and Anodizing Tanks

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Hard or Decorative Chrome Plating and/or Anodizing Tank or Group of Tanks Served by an Emission Control System	T+RN	\$1366 <u>\$1656</u>
(b) Each Decorative Plating Tank without Add-on Emission Controls	T+RN	\$762 <u>\$518</u>
(c) Each Hard Chrome Plating or Anodizing Tank without Add-on Emission Controls	T+RN	\$2068

SCHEDULE 56: Sewage Treatment Facilities

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Each Wastewater Treatment Facility, or Each Water Reclamation Facility	T+RN	\$2376 <u>\$1473</u>
(b) Each Wastewater Pump Station	T+RN	\$937 <u>\$673</u>
(c) RESERVED		

SCHEDULE 57: RESERVED**SCHEDULE 58: Bakeries**

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) Bakery Ovens at Facilities with Emission Controls Pursuant to Rule 67.24	T+RN	T+M <u>\$561</u>
(b) Bakery Ovens at Other Facilities	T+RN	\$338

SCHEDULE 59: Asbestos Control Equipment

Fee Unit	(1) Initial Evaluation Fee	(2) Emission Unit Renewal Fee
(a) RESERVED		
(b) Portable Asbestos Bead Blast Machine <u>RESERVED</u>	\$1211	\$173
(c) Portable Asbestos Mastic Removal Application Station	\$1530 <u>\$1630</u>	\$160 <u>\$338</u>

SCHEDULES 60 THROUGH 90 RESERVED**SCHEDULE 91: Miscellaneous - Hourly Rates**

The evaluation fee for an application for an Authority to Construct/Permit to Operate for equipment/processes not specified in the Fee Schedules shall be based on the actual costs incurred by the District for evaluating the application and an estimated Emission Unit Renewal Fee which will cover the costs related to an annual compliance inspection of the equipment. The applicant shall deposit the amount estimated to cover the actual cost of evaluation and the estimated renewal fee at the time of application submittal.

SCHEDULE 92: Source Testing Performed by the District

The owner or operator of an emission unit which requires source testing to determine compliance shall pay the applicable source test fee(s) listed below if the source testing is performed by the District or a District contractor ~~to measure emissions for the purpose of quantifying emissions to determine whether a Permit to Operate shall be issued or if the emission unit is in compliance.~~ If the source test requires significantly more on-site time ~~than~~ is provided by the fixed fees specified below (e.g., tall stacks), the additional costs incurred by the District shall be determined using the labor rates specified in Schedule 94 and related material and other costs. The owner or operator shall pay such fees upon notification from the District that such fees are required.

<u>Fee Unit</u>	<u>Fee</u>
(a) Each Particulate Matter Source Test	\$5359 <u>\$7523</u>
(b) Annual Fee for each 5-Year Test Cycle for Incinerator Particulate Matter Source Test with Waste Burning Capacity of < 100 lbs Per Hour	\$1324 <u>\$1635</u>
(c) Each Sulfur Oxides Source Test	T+M
(d) Annual Fee for each Biennial Cycle Test for NOx and CO (1/2 the cost of one test)	\$1001 <u>\$1254</u>
(e) Each Ethylene Oxide Source Test	T+M
(f) Each Carbon Monoxide and Nitrogen Oxides Source Test	\$2002 <u>\$2508</u>
(g) Each Nitrogen Oxides Source Test	\$1610 <u>\$2454</u>
(h) Each Incinerator Particulate Matter Source Test with Waste Burning Capacity of > 100 lbs Per Hour	T+M
(i) Each Ammonia Source Test	\$923 <u>\$1255</u>
(j) Continuous Emission Monitor System Evaluation	T+M
(k) Incinerator Particulate Matter Source Test with Waste Burning Capacity of < 100 lbs Per Hour	T+M
(l) RESERVED	
(m) Each Mass Emissions Source Test	T+M
(n) RESERVED	
(o) Each Multiple Metals Source Test	T+M
(p) Each Chromium Source Test	T+M
(q) Each VOC Onsite Analysis	T+M <u>\$4525</u>
(r) Each VOC Offsite Analysis	T+M <u>\$819</u>
(s) Each Hydrogen Sulfide Source Test	T+M
(t) Each Acid Gas Source Test	T+M
(u) Annual Fee for each 5-Year Test Cycle for Particulate Matter Source Testing at Perlite Plants, (1/5 the cost of one test)	\$1072 <u>\$1788</u>
(v) Annual Fee for Optional Source Test Pilot Study	T+M
(z) Miscellaneous Source Test (Special Tests not Listed)	T+M

SCHEDULE 93: Witness of Source Tests Performed by Independent Contractors

The owner or operator of an emission unit which requires source testing to determine compliance for the purpose of quantifying emissions to determine whether a Permit to Operate shall be issued or if the emission unit is in compliance, and chooses to have the testing performed by an independent contractor, shall pay the actual T+M costs incurred by the District to observe such testing and review the resulting source test report.

Any person, company, agency that requests review of a test procedure shall pay the actual T+M costs incurred by the District to review such test procedures. Such requests shall be accompanied by an amount estimated to cover actual District costs.

<u>Fee Unit</u>	<u>Fee</u>
(a) Test Witness and Report Review	T+M
(b) RESERVED	
(c) Test Procedure Review	T+M
(d) Each VOC Bulk Terminal Test Witness	T+M \$2181
(e) Each Ethylene Oxide Test Witness Day	\$1741 \$1800

SCHEDULE 94: Time and Material (T+M) Labor Rates

<u>Employee Classification (Fee Unit)</u>	<u>Hourly Rate</u>
Air Pollution Test Technician (94m)	\$76 \$84
Air Quality Inspector I (94o)	\$98 \$107
Air Quality Inspector II (94e)	\$126 \$151
Air Quality Inspector III (94f)	\$146 \$179
Air Quality Specialist (94z)	\$88
Assistant Air Resources Specialist (94s)	\$115 \$116
Assistant Chemist (94i)	\$83 \$100
Assistant Engineer (94b)	\$131 \$129
Assistant Meteorologist (94g)	\$87 \$88
Associate Air Resources Specialist (94q)	\$130 \$148
Associate Chemist (94j)	\$99 \$109
Associate Engineer (94c)	\$150 \$168
Associate Meteorologist (94r)	\$101 \$102
Engineering Technician (94p)	\$115
Instrument Technician I (94l)	\$71 \$74
Instrument Technician II (94n)	\$82 \$84
Junior Chemist (94v)	\$77 \$81
Junior Engineer (94a)	\$99 \$101
Senior Chemist (94k)	\$117 \$111
Senior Engineer (94d)	\$177 \$203
Senior Meteorologist (94h)	\$120 \$100
Supervising Instrument Technician (94t)	\$95 \$99
Supervising Air Resource Specialist (94y)	\$109

SCHEDULE 95: Sampling and Analysis

When the District determines a sample and/or analysis is needed for the purpose of determining potential emissions and/or determining compliance with District Rules and Regulations, the actual T+M costs incurred by the District for collection and analysis of samples, including preparing the reports, shall be paid by the permittee, applicant or other persons for activities for which a Permit is not required.

SCHEDULE 96: Additional Costs Incurred by the District for Sources Not in Compliance

Whenever the District is requested or required to provide consultation, testing or inspection to any person or facility, beyond the consultation testing and inspection covered by the permit fees, or related to a Notice of Violation and/or Notice to Comply, the person or facility shall pay the actual T+M costs incurred by the District for the cost of such services.

SCHEDULE 97: Other Charges

Whenever the District is requested or required to provide consultation, legally required testimony, testing, inspection, engineering or services, the cost of such services shall be determined using the labor rates specified in Fee Schedule 94. Persons requesting and/or receiving such services shall be charged the estimated cost of providing such services and shall deposit such amount to the District in advance of the service, unless prior arrangements for payment have been approved by the District. In the case of consultations requested prior to filing an application, any funds deposited in excess of actual costs incurred for such consultations shall be refunded or applied as a credit against required application fees.

RULE 42. HEARING BOARD FEES (~~Effective 1/1/69; Rev. Adopted June 21, 2000; Effective July 1, 2000~~ Adopted (date of adoption) & Effective April July 1, 2017)

(a) This rule shall not apply to petitions filed by the Air Pollution Control Officer.

(b) Every petitioner in a proceeding before the Hearing Board shall pay to the Clerk of the Hearing Board, on filing, a filing fee for each petition, including each petition for rehearing, in the amount shown below:

- (1) For each petition for Regular Variance.....\$983
- (2) For each petition for an Interim & Regular Variance.....\$1234
- (3) For each petition for 90-Day Variance.....\$951
- (4) For each petition for an Emergency Variance pursuant to the provisions of Rule 97 - Emergency Variance or Rule 98 - Breakdown Conditions - Emergency Variance\$560
- (5) For each petition filed pursuant to Rule 25 – Appeals.....\$1679
- (6) For each petition to modify an existing variance or abatement order.....\$951

(c) In the event that a petition is withdrawn or a hearing is not held for any reason, the petitioner shall be entitled to a refund of the filing fee, less the actual costs incurred.

(d) The Hearing Board may waive all or part of the fees specified in Subsection (b)(5) if it determines that circumstances warrant that waiver. Any request for such a waiver shall be submitted with the petition, which may be submitted without the required fees. If the waiver request is denied by the Hearing Board, the required fees shall be submitted by the end of business day following the hearing on the waiver request.

(a) ~~Every applicant or petitioner in a proceeding before the Hearing Board shall pay to the Clerk of the Hearing Board, on filing, a filing fee for each petition and for each petition for rehearing in the amount shown below: (Rev. Effective. 7/1/00)~~

- (1) ~~For each application, including any associated application for an interim variance, for variance exceeding 90 days (in addition to any fee for emergency variance application), or for approval of a Schedule of Increments of Progress in accordance with §41703 of the Health & Safety Code, including applicants on behalf of a class of applicants, which meet the requirements of the Hearing Board Rules for a valid and proper class action for variance, or rehearing thereof~~
- ~~..... \$320~~

~~(2) For each application, including any associated application for an interim variance, for variance not exceeding 90 days (in addition to any fee for emergency variance application), or to modify or extend variance or abatement order..... \$107~~

~~(3) For each application for an emergency variance pursuant to the provisions of Rule 97 or Rule 98\$53~~

~~(4) For each application request a stay, pursuant to Rule 25(c), or to appeal the denial, suspension or conditional approval of an Authority to Construct, Temporary Authorization or Permit to Operate \$373~~

~~Plus for each 2 hours, or any portion thereof, of hearing in addition to the first hearing day necessary to dispose of said appeal\$184~~

~~In the event that a petition is withdrawn or a hearing is not held for any reason, the petitioner shall be entitled to a refund of 50 percent of the filing fee.~~

~~Any person who requests an emergency variance pursuant to the provisions of Rule 98 shall pay the filing fee to the Clerk of the Hearing Board no later than five working days after the request is considered by the Chairperson or designated members of the Hearing Board. It is hereby determined that the cost of administration of Article 2, Chapter 4, Part 4, Division 25, of the Health and Safety Code, and Rule 25 of these Rules and Regulations, exceeds the fees required by this rule.~~

~~(b) Any person requesting a transcript of the hearing shall pay the cost of such transcript.~~

~~(c) This rule shall not apply to petitions filed by the Air Pollution Control Officer.~~

~~(d) Any person who certifies with factual presentation under penalty of perjury that payment of the foregoing Hearing Board fees will cause an unreasonable hardship, may be excused from payment of these fees by Order of the Hearing Board on that account when such findings are made by the Hearing Board.~~

**STAKEHOLDER OUTREACH
CONDUCTED BY THE AIR POLLUTION CONTROL DISTRICT**

Stakeholder	Outreach Conducted	Date of Occurrence
Air Quality Permit Holders	Mailout of Fee Proposal Info. & Workshop Notice	December 28, 2016
Interested Parties	Website Posting of Fee Proposal Info. & Workshop Notice	January 4, 2017
County Update Subscribers	Email of Fee Proposal Info. & Workshop Notice	January 4, 2017
Interested Parties	Public Workshop	January 19, 2017
Permit Stakeholder Group	Meeting	January 26, 2017
District Advisory Committee	Meeting	February 8, 2017
Industrial Environmental Association	Meeting	February 17, 2017
