

**SAN DIEGO COUNTY
AIR POLLUTION CONTROL DISTRICT**

NOTICE OF PUBLIC HEARING

NOTICE, pursuant to State of California Health and Safety Code Section 40725 and the Code of Federal Regulations Title 40, section 51.102, is hereby given of a public hearing on December 9, 2021, at 1:30 p.m., before the San Diego County Air Pollution Control District Governing Board (Governing Board), for the purpose of receiving public comments on and considering the adoption of proposed amendments to Rule 19.3 – Emission Information of the San Diego County Air Pollution Control District (District). Those wishing to participate in the public hearing and/or provide comments to the Governing Board on the proposed amendments to Rule 19.3 should visit the District website at <https://bit.ly/3F8NXsQ> for information on how to do so during the COVID-19 public health emergency.

Rule 19.3, adopted April 6, 1993, applies to owners or operators of sources of air pollution, or to persons selling or supplying materials which may cause air pollutants, including toxic air contaminants. It currently requires the completion and submission of Emissions Statement Forms and/or Emissions Inventory Report Forms but is not specific as to any required format.

Rule 19.3 is outdated and is being amended to comply with recent changes in State reporting regulations, specifically the California Air Resources Board (CARB) Criteria Toxics Reporting or CTR Regulation, which implements statewide annual reporting of criteria air pollutant and toxic air contaminant emissions data from facilities. The proposed draft amendments will also phase in requirements for electronic submittal of annual emissions inventory reporting and address comments received from the U.S. Environmental Protection Agency (EPA) that require amendments to allow for federal approval of the rule. If approved by the Governing Board, amended Rule 19.3 would be resubmitted through CARB to the EPA for approval as part of the San Diego County portion of the State Implementation Plan.

Written comments may also be provided to District staff prior to the hearing and should be addressed to:

Angela M. Ortega-Fisch, Rule Development Supervisor
San Diego County Air Pollution Control District
10124 Old Grove Road, San Diego, CA 92131

Copies of proposed amended Rule 19.3 may be examined or obtained at the District's headquarters, 10124 Old Grove Road, San Diego, CA 92131, or by visiting the District's website at <https://bit.ly/3kWb7L4>. Specific information with respect to this matter may be obtained by contacting Angela M. Ortega-Fisch, Rule Development Supervisor, at (858) 229-0256 or Angela.Fisch@sdcounty.ca.gov.
