

**SAN DIEGO COUNTY
AIR POLLUTION CONTROL DISTRICT**

NOTICE OF PUBLIC HEARING

NOTICE, pursuant to State of California Health and Safety Code Section 40725 and the Code of Federal Regulations Title 40, section 51.102, is hereby given of a public hearing on December 9, 2021, at 1:30 p.m., before the San Diego County Air Pollution Control District Governing Board (Governing Board), for the purpose of receiving public comments on and considering the adoption of proposed amendments to Rule 69.3.1 – Stationary Gas Turbine Engines-Best Available Retrofit Control Technology, and repeal of existing Rule 69.3 – Stationary Gas Turbine Engines-Reasonably Available Control Technology of the San Diego County Air Pollution Control District (District). Those wishing to participate in the public hearing and/or provide comments on the proposed amendments to Rule 69.3.1 should visit the District’s Governing Board website at <https://bit.ly/3F8NXsQ>, for information on how to do so during the COVID-19 public health emergency.

Rule 69.3.1 was last amended on February 24, 2010 and contains health-protective State requirements for new units with a power rating of 0.3 MW or greater, and existing units with a power rating of 1.0 MW or greater.

The proposed amendments to Rule 69.3.1 address comments received from the U.S. Environmental Protection Agency (EPA). EPA identified updates to Rule 69.3.1 that are necessary to assure federal approval of the rule. The proposed updates clarify rule language, incorporate applicable existing Rule 69.3 provisions, and remove outdated requirements. Existing Rule 69.3 is being proposed for repeal, as it is no longer needed because it will be superseded by proposed amended Rule 69.3.1. If approved by the Governing Board, amended Rule 69.3.1 would be resubmitted through the California Air Resources Board to the EPA for approval as part of the San Diego County portion of the State Implementation Plan.

Written comments may also be provided to District staff prior to the hearing and should be addressed to:
