	LOCATION	REASON FOR MONITORING	ANY SPECIFIC POLLUTANT CONCERN?	DISTRICT COMMENT(S)	District Score on Viability (0-10)	
1	Alberto Moreno's Home, 29th and Boston			Not enough space	1	1
2	SA Recyling			Caltrans, City of SD property, and Navy are the best opportunities	6	2
3	Cesar Chavez Parkway - near Interstate 5			Caltrans Property best opportunity	7	3
4	Julie Corrales Home in Logan Heights			Not enough space	1	4
5	Praxair			One possible location lost to development	0	5
6	Logan Heights K-8 School	Potential sensitive receptors		Marcy School would be better	4	6
7	Logan Heights Family Center	Potential sensitive receptors		School under remodel and construction	0	7
8	Memorial Scholars & Athletes, 2850 Logan			Marcy School would be better	8	8
9	Emerson/Bandini Elementary 3510 Newton			Liked site; potentially could pull power from a lighted sign	6	9
10	Balboa Elementary School 1844 S. 40th St.			Potentially pull power from a lighted sign	5	10
11	Baker Elementary School 4041 T St			Possibly of 41st school buildings	4	11
12	Caesar Chavez School 1404 S. 40th St			Space is tight where there seems to be ready power; could work	4	12
13	Kimbrough Head Start, 321 Hoitt Street			Okay location; could work	6	13
14	Burbank School			Marcy School would be better	6	14
15	Perkins Elementary			Monitored at location before; better to locate elsewhere	8	15
16	Sherman Heights Elementary School			District feels it is a good community location; Regional monitor required by EPA	10	16
17	Mercado Head Start Center- 2001 Newton			Not enough space	1	17
18	Barrio Logan Child Development Center			Not enough space	1	18
19	Fire Station(s)			Generally not enough space at fire stations; case-by-case	0	19
20	Site on or near Navy housing			District thinks this is a good community location. Working with Navy	8	20
21	NASSCO			Fenceline	n/a	21
22	BNSF			Need more details about location; fenceline?	n/a	22
23	Chrome Plating Shop			Fenceline? If we were to monitor should be limited to metals? Moving?	n/a	23
24	Tenth Avenue Marine Terminal			For the District, this location would be a good upwind site. Working with Port	10	24
25	5th and Roosevelt			Staff saw a lot of truck traffic; good location for monitoring; will need City or Caltrans help.	3	25
26	Kimball Elementary			District thinks this is a good downwind community location in National City; metals business across the street	7	26
27	Godschalk home on Cleveland Avenue			Not enough space for all equipment	2	27
28	Home on a block with auto body shops			Need more details	n/a	28
29	Casa de Salud			Not enough space	n/a	29
30	Saint Anthony's Church			Nearby school would be better	4	30
31	D Street Football Field			Nearby Olivewood School would be better	3	31
32	Miles of Cars	Residential; lot's of cars		Cleveland Street or train depot or Kimball would be a better location	2	32
33	Senior Villas (on National)	Potential sensitive receptors		Not enough space	1	33
34	Ramada Inn			Will need City or Caltrans help.	4	34
36	Southland Autobody			Kimball School would be better location	3	36
38	Olivewood Gardens			Olivewood School would be better location	2	38
39	Sweetwater High School	Impact to kids		Olivewood School would be better location	7	39
40	County of San Diego Building, 24th St			Available space is surrounded by trees; power will be a problem	4	40
41	National City Self Storage (30th St and 33rd St)			No area	0	41
42	Central Elementary			Outside of Portside boundry; Otis would be better	5	42
43	Train Depot @ 24th			Power will be problematic, but many trucks	6	43
44	Civic Center, Access to Interstate 5			Workable, but between Kimball and Train Depot	5	44
45	Chicano Park	Potential sensitive receptors		Caltrans Property best opportunity	7	45
46	Olivewood School			Good monitoring site; welding college across the street	7	46
47	Otis School			Outside of Portside boundry; vailable space and there appears to be power	7	47
48	Port of San Diego					48
49	Schools (Upwind and Downwind)	Potential sensitive receptors				49
